(b) SECNAVINST 4950.4B Joint Security Cooperation Education and Training (JSCET) Regulation

In accordance with reference (a) and (b), this updated version of the US Navy International Military Student Officer Guide for 2016-2017 (USN IMSO Guide) is effective this date, superseding previous versions.

International Military Student Officers (IMSOs) should use this USN IMSO Guide as a management tool in the performance of the functions associated with administering international students engaged in education and training under the Security Cooperation Education and Training Program. This Guide has been designed to provide IMSOs with current information collated from references (a) and (b) upon which to develop and maintain a sound IMSO program. It is not intended for this Guide to supersede information promulgated via references (a) and (b) as they remain the governing references for the security cooperation community.

Chapter 1 of the USN IMSO Guide is an overview of the important role an IMSO performs in accomplishing the objectives of the Navy’s International Military Training programs. Chapter 2 provides detailed guidance on International Military Student Administration. Chapter 3 is a summary of the Field Studies Program. To streamline the contents of the Guide, various checklists and other supporting documents mentioned in the main body of a chapter are located as Figures immediately following the chapter.

Particularly noteworthy is the first section of Chapter 2 as it provides detailed information regarding NETSAFA’s website and provides instructions to the IMSO on obtaining access to the

Security Assistance Network (SAN) IMSO web portal to assist in the execution of IMSO duties.

An on-line version of the IMSO Guide is available through the following website:

This USN IMSO Guide is considered a working document; all IMSOs and other cognizant offices are encouraged to forward comments and recommendations to the above address, Attention Code N-3. Changes to the USN IMSO Guide will be recorded in the Record of Changes, and the on-line version will be updated accordingly.

CHAPTER 1

ROLE AND RESPONSIBILITIES OF THE

INTERNATIONAL MILITARY STUDENT OFFICER (IMSO)
CHAPTER 1

ROLE AND RESPONSIBILITIES OF THE INTERNATIONAL MILITARY STUDENT OFFICER (IMSO)

1.1 Introduction

A. The International Military Student Officer (IMSO) has one of the most challenging and demanding jobs in the Security Cooperation Program since he/she is called upon to accomplish tasks unlike those performed elsewhere else in the military. The IMSO is a host, administrator, counselor, expeditor, diplomat, and summarily, the official U.S. Government representative who serves as the primary Point Of Contact (POC) for the International Military Student (IMS) attending courses of instruction at U.S. military installations in the United States. As such, IMSOs have an important role in the Security Cooperation Program.

B. The IMSO's responsibilities begin when the confirmed training is reflected on the Security Assistance Network (SAN) Web and/or when the IMS's name is posted on the SAN Web or received via e-mail from the Security Cooperation Office (SCO). From arranging for quarters to meeting the student, the IMSO must initiate detailed planning long before the student arrives. From the date of arrival until the student departs, the IMSO serves as a central point of contact for the student. The impressions made on the student are carried home and could be the key factor that makes his or her training beneficial for both the individual and the United States.

1.2 Objectives

A. The tasks performed by the IMSOs are critical to the success of the Security Cooperation Training Program objectives, which are:

   (1) To create or enhance a foreign country's ability to perform its role in a manner consistent with U.S. multinational strategy or as may be indicated in treaties, or other international agreements;

   (2) To assist the foreign country in developing expertise needed for effective management and operation of its defense establishment or an element thereof;

   (3) To create skills needed for effective operation and maintenance of equipment acquired from the U.S. through Foreign Military Sales (FMS), U.S. Grant programs (International Military Education and Training (IMET), Foreign Military Financing (FMF), etc.), or direct commercial sales from U.S. vendors;

   (4) To promote U.S. military rapport with the armed forces of the foreign country;

   (5) To promote the foreign policy, security and general welfare of the United States by assisting peoples of various countries in their efforts toward economic development and enhancement of internal and external security; and

   (6) To promote a better understanding of the United States, including its people, political system, and other institutions.

1.3 Scope

A. In fulfilling a command's responsibility to international students attending training, it is expected that all personnel will afford international students traditional American courtesies. Responsibilities to IMS include not only the obligation of teaching particular skills, but also the fostering of friendly relations with the countries they represent by a genuine display of hospitality, interest in their personal welfare, and personal guidance. Beyond this, international students should be treated, insofar as possible, in the same manner as their U.S. counterparts. Most significantly, all IMS should be held to the same high academic standards as U.S. students.
1.4 Responsibilities

A. Navy International Program Office (Navy IPO) falls under the Secretary of the Navy (SECNAV) who is responsible for overall management of Department of Defense (DoD)/Department of the Navy (DON) policy and guidance regarding international military education and training within DON. See Naval Education and Training Center Instruction (NETCINST) 4950.2C of 7 April 2015 for IMSO duties and responsibilities.

B. Commanders of Naval Systems Commands (SYSCOMS), Fleet Commanders (FLTCDRS), Naval Education and Training Command (NETC), and other U.S. Navy major claimants will ensure commanding officers appoint an IMSO to administer the Security Cooperation Training Programs. Commanding officers should use the following criteria when appointing an IMSO to their command. A sample letter of appointment is provided as Figure 1.1.

(1) The IMSO may be either military (officer or enlisted) or U.S. Government civilian employee. For contractor provided training where a military or U.S. Government civilian employee IMSO is not present, the vendor should provide IMSO duties. The IMSO will monitor and coordinate activities for the IMS's training, including implementation of the Field Studies Program (FSP). The IMSO appointed must be tactful and mature, be sensitive to a myriad of cultural differences, exhibit sound judgment, and be able to communicate effectively both orally and in writing.

(2) IMSOs will be appointed for a minimum of two years, when possible, and will receive the necessary training to perform this important function. Training of U.S. Navy command IMSOs will be coordinated with Naval Education and Training Security Assistance Field Activity (NETSAFA). Section 1.7 provides information on specific IMSO training courses.

(3) The IMSO's name, office, address, telephone and facsimile numbers must be reported to NETSAFA, Codes N-32A/N-331 via the appropriate Navy Major Claimant. This can be accomplished using the SAN Web.

C. NETSAFA is responsible for providing IMSOs with the necessary guidance and oversight regarding Security Cooperation Training Programs to enable them to carry out their duties. NETSAFA will also coordinate necessary training for IMSOs, and will host and conduct the IMSO Workshop as prescribed.

D. IMSOs are responsible for the overall administration of IMS while assigned to their training activity. Figure 1.2 is a Summary Checklist of the many tasks and events that occur from the first notification of an IMS enrollment in a course to his/her final departure from the training installation. IMSOs are encouraged to use a Summary Checklist for each IMS, and to file the Checklist in the IMS Training Record.

1.5 Periodic and Annual T-MASL Review

A. Changes to course and activity information included in the DON Training-Military Articles and Services List (T-MASL) should be made by the IMSO or designated Learning Center/Curriculum Manager via the Security Assistance Network (SAN) IMSO Web. Numerous courses are being converted, often on short notice, from classroom instruction to a Computer-Based format, and it is critical that these changes be identified and reported as soon as possible. See Figure 1.3 for instructions to update the T-MASL on the IMSO Website.

B. NETC will ensure that the Learning Centers designate a point of contact for International training matters and coordinate with the Training Support Center or Training Support Detachment. The POC will either request access to the SAN IMSO Web or delegate this responsibility to the IMSO for updates to the T-MASL and activity information.

C. In addition to the regular T-MASL updates, training activities should ensure that their respective course data and activity information is current as of 01 October each year. This will enable NETSAFA to conduct its annual review of the T-MASL, as required by SECNAVINST 4950.4B, Joint Security Cooperation Education and Training (JSCET).
D. When the IMSO does not have access to information needed to update and request changes to courses in the T-MASL, the IMSO should contact the appropriate individual at the training activity and request that he or she register for SAN IMSO Web and review course and activity information. Additionally, the IMSO should provide the name of this individual to NETSAFA (N-836, 850-452-8827, DSN 459-8827).

1.6 Coordinating Visits at a Navy Training Activity

A. Periodically, the IMSO is called upon to coordinate an international visit by dignitaries, officers, and prospective students from other countries. These visits could be either as an Orientation Tour (OT) coordinated through international training channels, or as a visit arranged through diplomatic channels. Some of these visits may be “self invited,” which are requested through diplomatic channels and all expenses are paid by the foreign country. See JSCET Chapter 12 for further information.

B. For Orientation Tour's (OT), the command POC will be notified by telephone, message, e-mail, or letter from either Navy IPO or NETSAFA advising of the nature of the visit and the number of people. For other official visits, notification will be made through the Office of Secretary Defense (OSD) Foreign Visits System (FVS) via message. It is very important to establish a POC at the school or activity being visited prior to their arrival. The command’s POC should also establish liaison with the POCs at the activity from which the visitors may be arriving, and/or the next activity to be visited. Figure 1.4 is a checklist to assist the IMSO in being adequately prepared for these various types of visits.

C. Any classified briefing, handout, or demonstration that is to be delivered to a foreign visitor requires Navy IPO disclosure determination and approval. Access to Restricted Areas (physical space restrictions), may be authorized by activity Commanding Officer if it is determined classified information will NOT be compromised by visit environment.

D. Should an IMSO become aware of a request for any foreign visit that has not been received through the appropriate channels (as noted above), the IMSO is required to notify his/her respective chain of command and should contact respecting NETSAFA Country Program Manager (CPM).

E. The IMSO will coordinate Base Access issues with Security contacts to confirm and resolve access issues. To clarify the role of Foreign Visit Requests (FVR) vice ITOs for International Students on ITOs, the Navy International Program Officer (NIPO) website has FAQs section relating to FVRs and ITOs. Link is: http://www.secnav.navy.mil/rda/nipo/Pages/FAQs.aspx

ITO's are issued for the IMS by a U.S. Security Cooperation Officer (SCO) at their Embassy. Only ITO’s are used for Foreign Military sales training. ITO documents are more comprehensive than FVRs, and contain personnel details, security clearances, and training-site locations. All IMSs on ITOs are vetted for security and health screening clearance, are signed by the SCO, and quotas then approved through NETSAFA.

An FVR request document is initiated by the country, through NIPO office, then forwarded to appropriate command for visit approval; be it a site visit or conferences held on military facilities. No FMS training is authorized utilizing an FVR document. FVRs are issued just to meet request requirement, and does not include vetting, funding, medical screening, or other details listed under course training requirements.

F. The Personnel Exchange Program (PEP), while not an FMS program, is one which an IMSO may receive questions about from Base Security, as program has International Officer/Enlisted personnel arriving at various commands and facilities. PEP personnel arrive with letters from the country vice an ITO, so Base Security may contact you on their arrival. The Command PEP personnel will serve with should be available to coordinate the appropriate advance check in with Base Security.

1.7 IMSO Training

1.7.1 Required Training

A. Defense Institute of Security Assistance Management (DISAM). The IMSO Course (DISAM-SCM) is designed for U.S. personnel assigned the supervision and administration of IMS in the U.S. This course
provides an overview of security cooperation management, policies, and procedures which the IMSO must utilize to administer foreign students and to conduct the DoD Field Studies Program (FSP). Requests for quotas should be made to pertinent major claimants. This IMSO training is conducted at cost to Defense Security Cooperation Agency (DSCA)/Navy IPO, not to the parent command.

Per OSD – Security Cooperation Workforce Database (SCWD) requires all IMSO’s to complete two DISAM courses (IPSR-DL and SCM-TO/TM). Contact NETSAFA, Code N-32A for information and instructions within ten working days of receipt of designation as an IMSO Figure 1.1.

(1) NAVEDTRACOM quota requests should be made to Navy IPO, Code (240T)
DSN 288-5625/5602, or COMM (202) 433-5625/5602.

(2) Navy activities other than those under the NAVEDTRACOM should submit quota requests to their respective Major Claimant, as summarized in the following table:

B. Department of the Navy (DON) IMSO Workshop. The IMSO workshop is announced by message with the specific date, time, and location. The workshop is designed to enable IMSOs to share knowledge and/or experience gained from daily contact with the IMS, and resolutions to problems that individual IMSOs have experienced. The workshop is also a valuable training experience for new IMSOs, both through the structured seminar topic discussions, and through the personal contact with experienced IMSOs. This IMSO Workshop is funded by DSCA/Navy IPO, not the parent command.

1.7.2 Recommended Training

A. Intercultural Competencies Course (ICSOF). The United States Air Force (USAF) Special Operations School at Hurlburt AFB, FL conducts a one-week ICSOF course eight times a year. The course is "activity funded" for per diem and travel, but there is no tuition cost. The purpose of the course is to improve communication skills of DoD personnel engaged in liaison with international military personnel, sensitizing them to differing cultural values, behavior, assumptions and perceptions. Quota requests are to be processed through unit, command and/or service training offices. Quota requests should include name, rank, SSN, course name, and desired dates, and should be requested at least 30 days in advance from:

IMSO ASSIGNED
5720 Integrity Drive
Building 453
PMO
Millington TN 38054
DSN 882-4897 Comm 901-874-4897

B. Cardiopulmonary Resuscitation (CPR) and First Aid Training. It is highly recommended that IMSOs and assistants undergo this training to help them be prepared in the event of an emergency, especially during FSP trips.
C. Safety Training. The problem of safety in Navy training is multiplied when dealing with international training and international students because of differences in language, customs, and understanding of non-verbal and a myriad of other factors. IMSOs are reminded to place special emphasis on safety and on following all safety regulations and instructions when dealing with the international students themselves and with instructors and other staff members who are responsible for the safety and safe conduct of international students. NETC INST 5100.1A of 22 December 2009/CH1 of 13 September 2010 (Occupational Safety and Health, Training Safety, and Firefighting Certification Program) provides policy and guidance on safety procedures for conducting training. IMSOs should ensure that IMS are fully briefed on Training Time-Out and Drop On Request (DOR) procedures for high risk courses.

UPDATE TO T-MASL COURSE INFORMATION

All course information should be reviewed for accuracy and updates and changes recommended as necessary. IMSOs should request changes in the T-MASL through the IMSO Web (SC-TMS9).

Log on to the SAN Web and proceed to the IMSO Web site. See the SC-TMS 9 Quick Reference Guide for IMSOs **Figure 2.1**. Once you are at the IMSO Web site:

1. Click on MASL box;
2. Search Box appears, Type in MASL ID and Select Search in Red Box;
3. Click on MASL ID Listed;
4. Select Course Revision Request at top left of screen;
5. Describe the requested change and re-click ‘Request Course Revision’ to generate an E-mail to NETSAFA.

Course/T-MASL Elements Definitions

- **Course No.** – Courses included in the Catalog of Navy Training Courses (CANTRAC) are identified with a Course Identification Number (CIN). The CIN consists of seven or eight alpha/numeric characters with the first character representing the course sponsor. When the course is not reported in CANTRAC, the Course No. field may be blank or may be used for a special identifying number unique to the branch of service (i.e., Marine Corps, Coast Guard, Army, or Air Force) or unique to the type of training (i.e., Correspondence Course = Correscourse).
Training Military Articles and Services List (T-MASL) Number – A six-digit number assigned by NETSAFA to each course of instruction available for attendance by international students.

Course Title – An abbreviated course title designed to identify the training contained in the course (limited to 26 characters). A complete course title should be added to the course description field.

English Comprehension Level (ECL) - Courses are assigned an English Comprehension Level to indicate the level of English comprehension an international student should be capable of to obtain the maximum benefit from the course. Courses are assigned numeric numbers usually ranging from 70 to 85 for Navy Training. An ECL of 80 is assigned for courses that are considered to be high risk to either the student or instructors. An ECL of 70 is a normal standard for international student entry requirement.

Security Clearance - The Security Classification is the highest level of classification to which USN students are instructed in the course, as shown by the following Definition Codes:

- U = Unclassified
- C = Confidential
- S = Secret
- TS = Top Secret
- W = Submarine Training

To identify courses of instruction on equipment and training material within the Special Intelligence (SI) Community control the classification is:

- Z = Top Secret SI

Duration – The course duration is viewed in calendar weeks in the SAN IMSO Web. The duration is established based on the class convening date and the class graduation date and includes weekends.

Course Description/Administration/Remarks – An in-depth description of the training detailing the knowledge and skills that will be achieved when training is complete.

Notes – Information that provides unique programming data considered vital for specific courses of instruction attended by international students. Notes, generally speaking, are created when there is a history of administrative or programming errors associated with that course of instruction. Some examples of the type information included in notes are: Special clothing or equipment required for student to attend the course of instruction; unique reporting requirements; strenuous physical requirements (e.g., for diving courses); student biographical data required in advance of student arrival, etc.

INTERNATIONAL MILITARY STUDENT (IMS)

ADMINISTRATION
CHAPTER 2

International Military Student (IMS) Administration

2.1 Websites Supporting IMSO Administration

2.1.1 NETSAFA Website
A. The NETSAFA website (https://www.netsafa.navy.mil) continues to serve the Security Cooperation community by providing training catalogs and other informative links. Primary customers include, but are not limited to, international governments, Security Cooperation Officers (SCOs), International Military Student Officers (IMSOs), and commands or activities with Security Cooperation Training Programs.

B. Please note that passwords are required to access selected links within the NETSAFA website. Furthermore, the website may have .mil restrictions for those accessing from Outside the Continental United States (OCONUS).

C. The following items are available on the NETSAFA website:

1. On-line version of this IMSO Guide and IMSO Bulletins (under the IMSO Page).
2. On-line version of the U.S. Coast Guard International Training Handbook under Training Documents.
3. On-line version of the U.S. Navy International Training Catalog (public document). Links to training facilities have been included when available. Listings in this catalog do not constitute a promise (implied or actual) to supply U.S. Security Cooperation; it provides information for use when making inquiries through prescribed official channels (NETSAFA or Navy IPO).
5. On-line link to DISAM’s International Training Management Site, which includes the latest references and policy information regarding International Military Students (IMS).
6. Useful Security Cooperation and U.S. Navy links. IMSOs and SCOs with websites are encouraged to notify NETSAFA of their Uniform Resource Locator (URL) location so they may be added.

2.1.2 NETSAFA IMSO Facebook Fan Page
A Facebook Fan page site for IMSOs is available; do Facebook search using NETSAFA to view.

2.1.3 SAN IMSO Web System
A. All Military Services are now implementing the SAN IMSO Web System, which is found at https://elnath.idss.ida.org/SANWeb/login/main.aspx?&dt=1/22/2016%209:59:14%20AM. You must be a registered user of the Security Assistance Network before you can use the SAN IMSO Web system.

B. How to request access to the SAN IMSO Web: IMSOs who are not currently a registered user of the SAN should request registration by calling a SAN Web administrator at one of the numbers below:
East Coast  (850) 452-7200 ext 4930 - OR - (850) 452-8817  
West Coast   (619) 556-8372 - OR - (831) 656-2186  DSN 526-8372  

IMSO should be prepared to provide: Name, Rank, Organization, Work mailing address, Tel No’s, E-mail Address, and Training Location Code.  

Once registered, users of the SAN can request access for new or additional user(s) by the following steps:  
• Enter username and password at  
• Click on “User Information” on SAN Web screen.  
• Click on “Request New SANweb user.”  
• Complete the “New User Request Form.”  
• Click on “Done.”  
• Click on the “Group ID” of the applicable user group.  
• Enter the reason for the Request and click on “Done.”  

C. Steps for getting to the SAN IMSO Web after registration:  
• Enter username and password at  
• Hover over “Training” on the SAN Web screen.  
• Click on the “SC-TMS.”  

D. Additional information is found on the SC-TMS page:  
• “IMSO Quick start and FAQs” provides additional links, a list of acronyms, an overview of IMSO duties, and FAQs.  
• “IMSOWeb Cheat Sheet” provides instructions for entering key IMS data entry procedures.  

E. Contact the system developer at NETSAFA 850-452-8817 (DSN 459) for help with the NETSAFA website. DISAM can also provide assistance; call (937) 255-8186. IMSOs may also send an e-mail to SAN@DISAM.DSCA.MIL describing their problem/issue, and a SAN Web Administrator will respond.  

F. IMSOs should utilize the SAN IMSO Web as their IT system for IMS administration. It serves as an interface portal for both entering and extracting data into and out of Defense Security Assistance Management System (DSAMS). In order to help IMSOs utilize the SAN IMSO Web, DISAM has developed a series of “IMSO Web Cheat Sheets,” which provide step-by-step instructions to accomplish various tasks. See the SC-TMS 9 Quick Reference Guide for IMSOs Figure 2.1.  

2.2 Activities Prior to IMS Arrival in the United States  

2.2.1 Projected Student Reports  
A. A real time student projection report is available on the IMSO Web from your activity site by using "Search by student status" and selecting "All Students this FY" in the drop-down box. Click on the "students" icon to view the list of all students projected for training at your location. See the SC-TMS 9 Quick Reference Guide for IMSOs Figure 2.1.
B. The Twelve-Month Projection Report, also located on the IMSO Web, can also be used to confirm course availability, plan future student throughput, and develop the FSP budget.

C. IMSOs should review the IMS projection reports carefully and take the following actions as appropriate:

   (1) Contact the NETSAFA CPM as listed on the Report if there are questions or discrepancies regarding specific countries or WCNs.

   (2) Contact NETSAFA (N83) at DSN 459-8878, or COMM (850) 452-8878 for the following issues:
       (a) A course is no longer available
       (b) A change in prerequisite training for a particular course
       (c) Changes in course length, location, or convening dates

   (3) NETSAFA (N-83) will coordinate with the appropriate NETSAFA CPM. IMSOs should then access the SAN IMSO Web and submit changes on-line.

2.2.2 IMS Advance Arrival Information

A. The IMSO Web Projection Report is usually the first notification that an IMS is coming to a training installation. IMSOs should use this Report as a trigger mechanism to send Student Information Packets to the SCO via mail, e-mail, or website references as appropriate, who in turn will ensure that the information is forwarded to the designated IMS. Packets will include such items as school brochures, maps of the local area, estimate of living costs, type of clothing required, housing facilities, and other information that would be of interest to prospective IMS. Furthermore, a special text containing terminology peculiar to the course should be provided to help the IMS prepare for the training. The IMSO should send the Student Information Packets in time for the SCO to receive them at least 45 days before the IMS report date.

B. The SCO should enter advance arrival information on the SAN Web. The notice should arrive no later than 15 days prior to the IMS's scheduled arrival (30 days if an IMS is accompanied by dependents). When the SCO has entered the data, IMSOs will receive an automated e-mail. The arrival information will include pertinent information concerning the IMS, e.g., name, grade, service, WCN, travel itinerary, report date and accompanying dependents, if any. Any changes that occur after the arrival message should also be forwarded to the first training installation.

   There are several buttons or hyperlinks under the Student tab. The “Student Name” ‘Tab’ provides the Training Track List for the student. When arrival information is uploaded by a SCO, that information will appear in the SCO Remarks section.

2.2.3 IMS Home Country Information

A. In addition to sending information about the school, IMSOs should gain a working knowledge of the home countries of the IMS attending their school. The IMSO (and other staff) at a training site will be able to better relate to and interact with international students if they have an understanding of the student’s home country. This includes the country’s history, geography, governmental structure, economy, culture, military, and relations with the United States. IMSOs should take advantage of the following US Government websites to gain an understanding of a student’s home country:

   (1) Dept of State Background Notes: http://www.state.gov/r/pa/ei/bgn/

B. The IMSO should also share these websites and/or significant country information with other training site staff members, including sponsors, instructors, medical staff, and other key personnel who interact with the international students.

### 2.2.4 Communications

**A.** One of the most important responsibilities of an IMSO is to ensure that accurate and timely information is communicated to the various offices involved in international military training management. This includes (but is not limited to) their own command, NETSAFA, Navy IPO, DSCA, SCOs, NETC, and DFAS. While the IMSO may not regularly communicate directly with all of these offices, it is important to remember that the information generated by the IMSO could very well be passed on to others beyond their immediate points of contact.

**B.** The IMSO’s initial communication is normally with NETSAFA. IMSOs can also make direct contact with SCOs for routine administrative matters concerning IMS such as non-receipt or clarification of arrival information, ITOs, biographical data, security clearances, travel arrangements, and personal affairs such as dependent or financial problems. Information copies on all correspondence should be sent to NETSAFA.

### 2.2.5 Invitational Travel Orders (ITO)

**A.** Per the Electronic-Security Assistance Management Manual (E-SAMM) Chapter 10, the ITO is the controlling training document provided to international students under SC training programs. No student enters a SC-sponsored training program without a properly completed ITO. The ITO provides the authorization for the dates and location the IMS is to receive training; the accounting fund cite that will be used to pay for the training; the guidance for determining what support the IMS is entitled to; and the privileges the IMS may be entitled to while receiving training. The only ITO document authorized is the SC-TMS generated ITO. An example of an ITO is shown in Figure 2.2. The SCO is responsible for the preparation, explanation, and issuance of an ITO for each student. The IMS name on the ITO will be the same as on the country-issued passport and visa; no changes to the student name on the ITO or within SC-TMS to the name can be made until the IMS’ passport and visa are changed. If the country desires, a language translation may be attached to the ITO. ITOs are issued only after in-country student screening is completed.

**B.** If an IMS arrives at a training installation without a signed original ITO, the IMSO will notify NETSAFA. If the original ITO has been lost, a copy may be certified as an original.

1. If a copy of the ITO for an IMS showing "confirmed" on the IMSO Web Projection Report is not received two weeks before the training report date, the IMSO at the first training installation, after coordination with NETSAFA, may query the SCO concerned on the ITO's status.

2. When the U.S. Government pays living allowance and/or travel, the IMET or other Fund Cite block is completed (Block 9 of the ITO, generated by the Training Management System (TMS).

**C.** ITO Amendments and Endorsements.

1. An ITO amendment is required whenever there is a change in the planned training schedule for an IMS. Because ITOs are published using the TMS system, any subsequent changes to the ITO must be done by publishing an amendment to the ITO in TMS. If a change in a planned training schedule for an IMS requires an ITO amendment after the IMS has arrived at a US training installation, the IMSO will notify NETSAFA, who will coordinate the
preparation of the amendment with the SCO. All ITO amendments will be prepared by the SCO using TMS. IMSOs may contact an SCO directly and request an amendment to correct routine administrative issues (e.g., misspelled name).

(2) ITO endorsements provide documentation of routine administrative matters that occur in the course of carrying out an IMS’s training plan. These include arrival at a training installation, assignment to quarters, receipt of living allowances, and issue/return of an ID card. IMSOs are authorized to sign endorsements as part of their regular duties, and should follow the same distribution as the original ITO.

(a) As a minimum, headings will contain the following data:

1. Office symbol and official address of publishing activity
2. Original ITO number and date
3. Rank and name (surname (ALL CAPS), first, middle) of IMS
4. Country
5. Funding and WCN
6. For IMET IMS, indicate FY IMETP and WCN
7. For FMS IMS, indicate FMS case designator and WCN

(b) Certificates or endorsements indicating that Government quarters and subsistence were or were not available will be provided and affixed by appropriate command.

2.2.6 Passports and Visas

A. The host nation government is responsible for issuing necessary passports and for obtaining visas for entry into the United States (U.S.). It is essential that the passports and visas for IMS and their dependents are valid for the entire duration of the IMS’s training period.

B. Foreign visitors to the U.S. arriving via air or sea no longer need to complete paper Customs and Border Protection (CBP) Form I-94 or I-94W. Those who need to prove their legal-visitor status can access their CBP arrival/departure record information online. CBP now gathers travelers’ arrival/departure information automatically from their electronic travel records. Because advance information is only transmitted for air and sea travelers, CBP will still issue a paper Form I-94 at land border ports of entry. If travelers need the information from their Form I-94 admission, they will need to get their I-94 Number. To obtain their Number they will go to https://i94.cbp.dhs.gov/I94/request.html. Upon arrival, a CBP officer stamps the travel document of each arriving non-immigrant traveler with the admission date, the class of admission, and the date that the traveler is admitted until. If a traveler would like a paper Form I-94, one can be requested during the inspection process. All requests will be accommodated in a secondary setting. Upon exiting the U.S., travelers previously issued a paper Form I-94 should surrender it to the commercial carrier or to CBP upon departure. Otherwise, CBP will record the departure electronically via manifest information provided by the carrier or by CBP. IMSOs at the first training site should review all international students’ visas in order to revalidate and ensure conditions of automatic revalidation of the I-94 are met to comply with Department of Homeland Security (DHS). SCOs will brief students prior to departing country. The I-94 admission record is created electronically and maintained in U.S. CBP systems. IMSs are encouraged to access the website and print out a copy of the 1-94 as soon as they can. IMSOs should be prepared to provide assistance. IMSOs will assist IMSs who experience difficulty accessing computers and/or printers. IMSs that have country liaison office representation should be assisted by their representatives. International students lawfully admitted into the U.S. are no longer required to be in possession of a preprinted Form 1-94. A record of admission printed from the CBP website
constitutes a lawful record of admission. For more information, go to [http://www.cbp.gov/travel/international-visitors/i-94-instructions](http://www.cbp.gov/travel/international-visitors/i-94-instructions). The I-94 admission record is created electronically and maintained in CBP systems. CBP will verify the I-94 electronically to revalidate an expired visa if the traveler meets the conditions of automatic revalidation. If entry occurred prior to automation, a paper form must be presented in order to comply with validation requirements. **Figure 2.3** is a sample of Form I-102, Application for Replacement/Initial Nonimmigrant Arrival-Departure Document and is used to apply for a new or replacement Form I-94 Nonimmigrant Arrival-Departure Document. Go to [http://www.uscis.gov/files/form/i-102.pdf](http://www.uscis.gov/files/form/i-102.pdf) for further instructions and a .pdf version. **Figure 2.4** is a sample Application to Extend Nonimmigrant Status (Form I-539). This INS Form is found at [http://www.uscis.gov/files/form/i-539.pdf](http://www.uscis.gov/files/form/i-539.pdf).

C. IMS who are members of the Armed Forces of North Atlantic Treaty Organization (NATO) countries are exempt from any requirement for visas. Dependents of NATO Armed Forces personnel are entitled to "NATO-2" visas. Civilian IMS from NATO countries and their dependents are entitled to "NATO-6" visas. IMS from other than NATO countries and their dependents are authorized and will be issued "A-2" visas. "E-1" visas are appropriate only for IMS from Taiwan.

D. IMS and dependents who have been admitted to the U.S. on official visas are exempt from the provisions of the Immigration and Naturalization Act pertaining to registration, fingerprinting and reporting of address, unless the IMS’s status changes and they are no longer pursuing the training as per their ITO.

E. IMS training in the United States are responsible for securing any necessary in-transit visas needed for return travel by contacting their embassy. Flight reservations for return home travel for IMS with United States Government (USG) funded travel should be made at an early date to decide necessary routing. IMSOs should discuss a flight itinerary with an IMS, and based on the airline routing, the IMS will work with his embassy in determining if an in-transit visa will be needed. When visas are required, IMS should forward their passports and documentation to their embassies early enough to be processed and returned before graduating from the last phase of training.

F. Additional information regarding Visa policy can be found at State Department’s web site [http://travel.state.gov/content/visas/en/visit.html](http://travel.state.gov/content/visas/en/visit.html).

### 2.3 Travel, Transportation, and Baggage

#### 2.3.1 General

A. An IMS’s travel can be funded by a variety of Security Cooperation programs, including FMS, FMF, IMET, Counter Terrorism, and Exchange Programs. (See Chapter 10 of DSCA Manual 5105.38-M, E-SAMM for details.) The SCO usually arranges for the IMS to travel from their home nation to the first training installation. IMSOs are then responsible for the travel arrangements from their command to the next training installation, and the IMSO at the final training installation is responsible for arranging the IMS’s travel back home. It is essential that the IMSO ensures that the travel arrangements to the IMS’s next destination are in order.

B. Enroute travel message shall be prepared for the SCO or the gaining training activity.
2.3.2 Arranging U.S. Government Funded Travel for IMS

A. Guidance in the appropriate handling of U.S. funded travel for IMS is defined in SECNAVINST 4950.4B, Joint Security Cooperation Education and Training (JSCET), the Joint Travel Regulation (JTR), and DSCA Manual 5105.38-M, E-SAMM.

B. Contact NETSAFA CPMs for questions regarding rules and regulations of U.S. Government funded travel.

2.3.3 Baggage Allowances for USG Funded Students

A. When travel/transportation is funded by the country. The cost of transporting FMS IMS personal excess baggage is the responsibility of IMS or his/her country.

B. When travel/transportation is included in the USG training program.

(1) The baggage weight allowances described below are authorized for IMS when travel costs are charged to the U.S. funded program, and apply to both overseas travel and travel to U.S. training installations. Baggage in excess of the amount authorized in this regulation will be at the expense of the IMS or his/her government.

(2) NOTE: When considering the authorized baggage information below and at Figure 2.5, IMSOs should be aware that airlines are now charging passengers for a first and/or second checked bag. So far, minimal change has occurred regarding U.S. Government funded travel, provided the passengers are traveling on YCA or CA fares. IMSOs should ensure that IMS utilized these fare codes and are booked on government contract carriers. Inform NETSAFA if an IMS experiences any variation in this situation.

(3) Excess baggage is authorized for IMS under certain conditions (length of training and type of course(s)). Excess baggage is that amount over the baggage permitted by the transportation carrier. Training duration indicated in paragraphs (a) through (e) below will be determined using the report date for the first course and the projected graduation date for the last course.

(a) Two pieces of checked baggage, not to exceed 50 pounds each, are authorized for IMS receiving travel and living allowance (TLA) when training is less than 12 weeks. (No excess baggage is authorized.)

(b) Three pieces of checked baggage, not to exceed 50 pounds each, are authorized for IMS receiving TLA when training is 12 to 22 weeks. (One piece of excess baggage is authorized.)

(c) Four pieces of checked baggage, not to exceed 50 pounds each, are authorized for IMS receiving TLA for 23 to 35 weeks. (Two pieces of excess baggage are authorized.)

(d) Five pieces of checked baggage, not to exceed 50 pounds each, are authorized for IMS receiving TLA for 36 weeks and longer. (Three pieces of excess baggage is authorized.)

(e) In addition to the above allowances, one additional piece of baggage is allowed for students,

with authorized accompanied dependents, attending the Professional Military Education, Graduate, and Postgraduate Programs (as listed in the E-SAMM, Table 10.T3, Note (7) and Table 9-1, Note.4.) and for IMS attending flight training. (Figure 2.5 is a quick reference illustration of baggage allowance.)
(4) Baggage size, dimensions, and weight, will conform to carrier stipulations. Baggage must accompany the IMS. No change in baggage allowances will be made after students have departed country.

(5) Payment for the authorized baggage above the airline international limits of 2 pieces of luggage and 50 pounds each has become more problematic. A variety of methods can be used, and IMSOs should work closely with each IMS to decide the best procedure.

(a) Payment can be done through Miscellaneous Charge Orders (MCOs), which are general purpose vouchers, accepted by the airlines. However, many travel offices are reluctant to prepare and issue an MCO, because they can be an administrative burden.

(b) It may be more expedient for the IMS to pay for the excess baggage and seek reimbursement. This can be done in two ways:

(1) The IMS can go to the airport in advance, pay for the excess baggage, and submit the receipt to the IMSO in time to include the charges in the IMS’s final pay voucher.

(2) The IMS can pay for the excess baggage at the airport, retain the receipt, and collect reimbursement upon arrival at their country of origin.

(c) Regardless of the method used to pay for excess baggage, IMS (or their government) are responsible for the cost of all excess pieces and/or weight above and beyond the authorized U.S. Government limit.

C. Excess Baggage Embargo. Due to increased security restrictions excess baggage embargos are routinely imposed by the airlines thus creating a problem for an IMS who is authorized excess baggage. Seasons of baggage embargos are determined by the airlines and apply to travel to certain countries. In these instances, IMSOs should compare the cost to transport the excess baggage via the postal service and a courier service, and use the more cost effective service. Unfortunately, in some instances there may be no way to transport the excess baggage, as the postal and courier services do not deliver to certain countries. Expenses incurred due to the transportation of excess baggage can be accommodated within the IMS’s travel expense/pay settlement.

2.3.4 Travel by Privately Owned Vehicles (POV)

A. If the ITO authorizes POV travel, it is important that the IMSO confirm with the IMS that Privately Owned Vehicle (POV) travel to the next destination is desired. When all or partial travel is performed by POV in CONUS, only the IMS who is authorized for POV travel and is responsible for paying for the POV operating expenses is entitled to a monetary allowance in lieu of transportation. This monetary allowance will be paid at the currently authorized rate for official highway distance in accordance with the JTR/JFTR. Reimbursement will be limited to the official distance from the departing training installation to the next training installation or point of departure specified in the ITO, and should not exceed the normal economy class commercial air fare. Living allowance will be authorized for a period not to exceed constructive travel time by air. If IMS travels as a passenger in a POV, he/she is not entitled to mileage, but is entitled to living allowance in a travel status.

2.3.5 Eligibility for U.S. State Drivers’ Licenses

A. International Military Students (IMS) on “A”, or “G”, visas are no longer eligible to receive a U.S. state driver’s license because they may be eligible for diplomatic privileges and immunities. In order for an IMS to apply for a U.S. state driver’s license, the IMS must have a “Non-Eligibility Letter” issued by the U.S. Department of State, Office of Foreign Mission stating that the individual is not entitled to diplomatic privileges and immunities.
B. Department of State has changed their policy concerning “Non-Eligibility” letters for NATO visa holders and NATO IMS will be processed through existing issuance policies and procedures.

C. IMS presenting an out of country driver license must pass all examinations with the exception of those listed below.

France Reciprocate all exams
Canada Reciprocate all exams (if customer surrenders Canadian DL)
Germany Reciprocate skill test only (customer must take written exams)
Taiwan Reciprocate skill test only (customer must take written exams)

D. If an IMS is authorized POV on his ITO and requires a U.S. driver license; IMSOs are requested to send a memo (by fax) to their regional Office of Foreign Mission requesting a “Non-Eligibility Letter.” Sample memo:

Subj: Request a Non-Eligibility Letter

1. Request a Non-Eligibility Letter be issued to Department of Motor Vehicle Administration for **IMS Name as it appears on the visa**, Date of Birth **DOB as it appears on the visa**, address: **IMS Current home address in the U.S.**, Country of Origin: **Country of Origin**, Anticipated length of stay in the U.S.: **Anticipated length of stay in the U.S.**, Sponsor: **Your command name & address**, to apply for a Class E Driver License in the state of **State**.

   **IMSO Signature**

2.4 IMS Administration at Training Installations

2.4.1 IMS Arrival Information

A. Arrival Arrangements. Particular emphasis should be placed on the initial reception of the IMS at each training installation. Whenever possible, personnel of equal rank should meet arriving IMS, especially in cases of flag rank. Assistance to dependents should be provided when necessary. An atmosphere of welcome, courtesy, efficiency, patience, and consideration is essential. This is an appropriate time to take advantage of opportunities to contribute to the DoD Field Studies Program objectives.

B. Arrival Briefing Checklist. IMSOs will brief all IMS, either individually or as a group, as soon as possible after the IMS arrive at the training installation. Suggested items to be covered are contained in the Arrival Briefing Checklist, Figure 2.6.
2.4.2 Sponsor Program

A. The purpose of the Sponsor Program is to help make IMS and their family feel welcome while undergoing education and training, and to acquaint them with American society, goals and way of life. Sponsors should have a sincere interest in the purpose of the program and in working with internationals. They should be willing to take an active interest in preparing for the student before he or she arrives as well as making the student feel at home while in the area. Schoolhouse Commanders and IMSOs should encourage other staff members to serve as sponsors.

B. IMSOs should advise sponsors not to assume any financial obligations for an IMS. Requests for financial assistance should always be directed to the IMSO, who can verify the IMS' entitlements such as excess baggage allowances, travel expenses, or living allowances. (Indebtedness of an IMS is also addressed in para. 2.7.4.)

2.4.3 Country Liaison Officer (CLO)

A. An international officer is sometimes attached to a command to provide assistance in the administration and control of students from his/her country. Senior students from countries that do not have CLOs may assist with CLO functions. CLOs can give counsel or guidance to an IMS in a variety of matters, including academic or disciplinary problems, student morale, leave and travel arrangements, etc.

2.4.4 Student Control Number (SCN)

A. The SCN is used for student tracking in the Defense Security Assistance Network (SAN), and is automatically assigned to an IMS when the SCO enters his/her name into the SAN for the first time. The SCN remains with the IMS’s name within the SAN system, and is used again if the IMS is enrolled in the SAN for future training activities. The eight character SCN consists of the two alpha-character Country Code, followed by six numeric characters (e.g., CN123456.)

2.4.5 Identification Cards

A. ID cards will be issued to each IMS and accompanying dependents authorized on his/her ITO by the first training installation in accordance with BUPERSINST 1750.10 series, MCO P5512.11 and other appropriate directives. The expiration date will be one week after completion of the last training line on the ITO. If the ITO does not reflect dates for all training lines, contact NETSAFA. IMS's ITOs will be endorsed upon issuance and return of ID cards. *IMSOs will maintain/record log of turn-in and/or destruction of all IMS CAC ID cards for a 3 year period. This is especially important for IMSs dropped from training (medical, disenrollment, etc.), should that IMS return for training he/she may be re-issued a new CAC card. A letter of CAC disposition from the previous command may be generated citing its accountability. This action precludes security issues at some sites that will NOT re-issue a CAC for a returning IMS unless prior CAC destruction/turn-in is accounted for via formal letter. Therefore, IMSOs at the last training installation should collect, log and/or destroy the CAC ID Card prior to the IMS’s final departure, and report action in TMS-9 SanWeb departure report. An IMS may NOT retain an ID Card as a souvenir.

B. DoD Draft Memorandum dated 05 November 2010 addresses removal of SSN from all DoD issued ID cards. Changes are being made with issue of new cards as they expire and new CAC ID cards will have a 10 digit number visible. However, IMS I.D. Cards, which are generated by the Real Time Automated Personnel Identification System (RAPIDS)/Defense Enrollment Eligibility Reporting System (DEERS) are used to assign a Foreign ID Number (FIN) for the international student. The FIN is an alphanumeric designator generated by DEERS for DoD tracking purposes and is followed by an F (e.g., 900-00-4231F) so as to not confuse it with a Social Security Number. The FIN is readily available for student records when requested by the IMS at time of ID card issue. RAPIDS will also enroll the international student and, if applicable, his/her family into DEERS.
Questions concerning how to enroll an IMS or dependents should be directed to the DEERS/RAPIDS Assistance Center, phone 1-800-372-7437.

C. Exceptions. A FIN is **NOT** issued in the following circumstances:

1. International civilian trainees.
2. Students in training for one week or less and ineligible for an ID Card. (Note: some PSDs will not issue an ID Card unless training is longer than 4 weeks.)
3. International students trained at contractor facilities, under the sponsorship of the DoD Security Cooperation Education and Training Program.
4. Other students on an exception basis when access to RAPIDS is not available.

In these circumstances when a FIN is not issued, the student is assigned a Student Control Number (SCN) using procedures described in Para. 2.4.6.A.1 below. The SCN is used as an identification number on the ID Card, and should appear underneath the IMS’s photo.

D. DD Form 1172 is the U.S. military "Application for Uniformed Services Identification Card/DEERS Enrollment" form used by PSDs/PSAs. Detailed instructions for completing the form are provided in BUPERSINST 1750.10. Please note that much of the data requested is not applicable to IMS.

E. Civilians attending FMS training must have specific benefits identified on the ITO, such as Exchange and Commissary privileges. The Personnel Support Detachment (PSD) preparing their ID CAC card will not automatically authorize these privileges.

2.4.6 Student Control Number (SCN) Assignment Procedures.

A. Procedures for obtaining a SCN for the exceptions listed in Para. 2.4.5.C above are as follows:

1. If an IMS is not issued a FIN/ID Card, the IMSO should inform the NETSAFA Quota Manager at DSN 459-8162 or Comm. (850) 452-8162; who will assign a 9-digit control number (SCN) for enrollment of the IMS into CETARS. In the event the NETSAFA Quota Manager is not available, contact the Naval Education and Training Professional Development and Technology Center (NETPDT), Code N615, DSN 459-1001 ext. 1317, Comm. (850) 452-1001 ext. 1317.

2. IMSOs should ensure that the nine-character SCN appears below the IMS’s picture on the ID card issued. Do NOT enter the SCN in the block on the ID card reserved for the Social Security or Service Number. Retain a copy of the ID card Application, DD Form 1172, in the international trainee’s record. Type on the application form “The Student Control Number is not a Social Security Number.”

2.4.7 Distance Learning

A. The DON Section of the Joint Security Cooperation Education and Training Regulations (JSCET) has been updated to provide guidance on the policy and implementation of Distance Learning (DL) for IMS. The Navy E-Learning (NEL).

B. Foreign Military students no longer have access to NK0. Students will access the training directly through the Navy E-Learning website [https://www.aas.prod.nel.training.navy.mil](https://www.aas.prod.nel.training.navy.mil). The student must have a valid CAC and sign on to NEL to activate account in order to access the three
courses listed below. Any additional courses needed, will be added by the school instructor or NETSAFA POC. Inactive accounts will display the error, “Access Denied.” To have accounts reactivated, students need to contact the Enterprise Customer Support Center toll free at 1-877-253-7122 opt 1 via email netc.helpdesk@navy.mil.

Accounts for students will be locked if the student has not accessed the website within 30 days.

Courses available to students:

- **JKDDC-TIP-2.04-R** Trafficking in Persons General Awareness Training
- **DOD-PII-2.0** Privacy and Personally Identifiable Information (PII) Awareness Training
- **DOD-IAA-V12.034** DOD Cyber Awareness Challenge V2

Specific questions or issues will be directed to NETSAFA:

**N-32A** 850-452-8870

C. IMSOs should anticipate that it could take 24-48 hours to complete the registration. The person who originally requested registration for the IMS will be notified by e-mail that the registration has been successfully completed. **NOTE:** Request for additional courses must be requested by a U.S. Military or Civilian. IMS cannot directly request for courses through NETSAFA.

### 2.4.8 Contractor-Provided Training

A. Some of the Navy’s international military training and education courses are conducted by contractors at non-U.S. Government facilities. The IMS attending courses at these training sites must have ITOs, and their activities must be coordinated and supported in much the same way as they are on a Navy facility. There may be occasions when an IMSO may either be receiving an IMS from, or sending an IMS to, a contractor-provided training site. When this occurs, IMSOs should refer to SECNAVINST 4950.4B, Joint Security Cooperation Education and Training (JSCET) and DSCA Manual 5105.38-M, E-SAMM for detailed guidance regarding contractor-provided training.

### 2.4.9 Uniforms, Grooming Standards, and Nametags

A. IMS will conform to the uniform and grooming standards of the training installation to which they are assigned. However, the U.S. Navy policy that prohibits beards does not apply to IMS except in cases where safety or operational efficiency dictates. Noncompliance may be cause for disenrollment. Situations that cannot be resolved locally should be referred to NETSAFA.

B. IMS should wear a nametag while in training, since it is very helpful to all personnel connected with training and administration. Nametags should indicate the equivalent U.S. grade or rank, name, and country of the individual. If not issued by the IMS’s in-country representative, the IMSO at the first training installation should ensure one is made for the IMS.

### 2.4.10 Leave
A. The foreign country may authorize leave in the U.S. between the last training installation and the point of entry for IMS upon completion of training before returning to home country. **When possible, leave should be approved before the IMS departs from his/her home country and authority included in the IMS's ITO.** Requests for leave or leave extension upon completion of training will not be granted unless the SCO has amended IMS's ITO by written communication with school(s)/training installations not later than 15 days prior to completion of scheduled training. Living allowance is not payable while in a post-training leave status. Students who do not adhere to scheduled return flights will not be the responsibility of the U.S. Government. Specific regulations governing leave OCONUS and between consecutive courses, training installations, and the last training installation and Port Of Entry (POE) are contained in paragraph 10-37 of the JSCET.

B. An IMS may request leave for short periods to travel in CONUS. This leave may take place between certain courses or phases of instruction (such as non-applicable phases or classified phases of instruction from which the IMS is excluded). The IMS's request for leave may be jointly approved by the command and Country Liaison Officer (CLO), or by NETSAFA with concurrence of the country's representative by telephone. Continuation of IMET living allowances is authorized during these periods.

C. Requests for emergency leave will be submitted directly to the SCO concerned by priority message, with an information copy to Navy IPO, NETSAFA, cognizant Combatant Command, and others as appropriate.

### 2.4.11 Holidays

A. Installation commanders are authorized to grant non-chargeable leave, and IMET IMS are authorized living allowance during the following periods:

1. Authorized holidays observed by the U.S. training activities.
2. A total of two national or religious holidays of the IMS's country not to exceed one (1) academic day for each holiday authorized. **Academic progress will be the deciding factor in each case.** Refer questionable situations to the respective major claimant for resolution. Defense Language Institute English Learning Center (DLIELC) publishes an annual list of the two-country-approved holidays that fall under this category. This list can be found at: [http://www.disam.dsca.mil/pages/itm/pages/messages](http://www.disam.dsca.mil/pages/itm/pages/messages)
3. Christmas holiday period when activities at training installations have been curtailed.

B. If additional training is scheduled at another installation immediately following the Christmas holiday period, the losing installation will be responsible for IMS during the holiday period.

### 2.4.12 Requests for Information

A. **Media.** All requests from the media for interviews or photographs of IMS will be referred to NETSAFA, who will forward the request to Navy IPO, who in turn will forward the request to the Assistant Secretary of Defense (Public Affairs), for evaluation before making any commitment. **Also, IMSOs should ensure that IMS inform their embassy prior to any contacts with the press.** Current policy regarding the disclosure of information is contained in the Department of the Navy Public Affairs Policy and Regulations Manual (SECNAVINST 5720.44C).

B. **Other US Government Agencies.** DoD cooperates with other U.S. Government agencies, as appropriate, in the interest of national security. However, to avoid undermining Security Cooperation program objectives, training installations will not provide non-routine information on IMS to local or other U.S. government agencies. IMSOs (or other staff members) at training installations receiving requests for personal information on an IMS from other U.S. government
agencies will refer the request to the NETSAFA Country Program Manager for action. In addition, request for copies of Invitational Travel Orders and background data concerning individual IMS from local and federal government organizations should also be forwarded to the NETSAFA Country Program Manager for action. Theses procedures will ensure that the personal requests are reviewed by the appropriate organization, and the integrity of our Security Cooperation programs is maintained.

C. Non-U.S. government agencies. Requests for IMS information submitted by non U.S. government agencies will continue to be processed under the Freedom of Information Act, in accordance with instructions contained in applicable public affairs publications.

D. Out-of Channel International Requests.

(1) Responding to an out-of-channel request for course information/quotas from an international may be perceived as a commitment to provide U.S. training, which could undermine the quota allocation process and result in unauthorized/nonreleasable training being provided to a country. Out-of-channel requests could include electronic, written correspondence, telephone, or a request received from an international military student (IMS) or a foreign exchange officer assigned to a U.S. activity.

(2) IMSOs (or other staff members) at training installations receiving out-of-channels requests must advise the requestor that the training installation is not authorized to provide the information. Training installations must advise the requestor that their request must be forwarded to the country’s Ministry of Defense for submission through the U.S. Embassy to the appropriate U.S. military organization. (The foreign country and USG organizations responsible for requesting, reviewing, and approving the release of course information may vary slightly, based on the sponsoring program.)

E. Any questions regarding the releasability of information regarding IMS should be resolved by the NETSAFA CPM.

2.5 **English Comprehension Level (ECL) Testing Requirements**

A. Every IMS must be sufficiently proficient in English to participate in and successfully complete their course of instruction. The Defense Language Institute English Language Center (DLIELC), at Joint Base San Antonio (JBSA) Lackland, San Antonio TX, is responsible for the Defense English Language Program and for ensuring that IMS have the proper level of English comprehension. Same applies in cases where Test of English as a Foreign Language (TOEFL) is required, i.e., Naval Postgraduate School (NPS).

B. SCO's are responsible for conducting in-country screening of IMS candidates before they depart their home country for the US. The results of the in-country proficiency examination are recorded in Block 10 of the ITO. However, certain country-specific waivers and exemptions are authorized, as a result of an annual review of ECL requirements. The list of exemptions and waivers is promulgated by DSCA, and can be found at:

IMSOS should review each ITO closely, ensuring that the IMS is properly qualified to begin his/her training, and that any exemptions or waivers are in accordance with the annual DSCA message.

C. IMSOs at initial training installations should pay particular attention to IMS from countries that are authorized a waiver from in-country screening ECL test, but with mandatory direct entry ECL
testing. The IMSO or the Command’s Test Control Officer (TCO) must administer the direct entry proficiency test within three to five days of IMS arrival. If the IMS achieves the required ECL score, he/she is entered into training. Inform NETSAFA if the IMS does not achieve the required ECL score, and schedule a second test in 1-2 working days (never the same day.)

D. If the second retest is not successful, the IMSO (or TCO) should inform DLIELC and NETSAFA. Both must approve a third test. Each military service has the authority to waive the prerequisite score or cancel training and assess penalty charges.

E. DLIELC Instruction 1025.15, October 22, 2012, provides updated guidance regarding ECL testing, including On-Line ECL testing. This instruction can be found at:

The Instruction provides guidelines for On-Line ECL Testing. Of particular note:

1. Para. 3.9 – An internet version of the ECL is available to select test sites in the U.S.
2. Para. 6.1.10 – Request for a waiver when unable to comply with this Instruction.
3. Para. 6.1.12 – Direct entry testing procedures.

IMSOs should ensure that the revised instruction is maintained on file and provided to designated ECL TCOs.

F. TCOs can now choose the Computer Adaptive Testing (CAT) rather than the paper version to test ECLs of international students. TCOs may contact the DLIELC Test and Measurement Branch for more information regarding the CAT ECL at DLITesting@us.af.mil or (210) 671-4889 or DSN 473 4889.

G. All ECL test answer sheets should be forwarded immediately to

DLIELC/LEAT
2235 ANDREWS AVENUE
JOINT BASE SAN ANTONIO
LACKLAND TX 78236-5259

For more information, contact the DLIELC Test and Measurement Branch at DLITesting@us.af.mil.

2.6 Health Matters

2.6.1 Medical and Dental Care

A. The Security Assistance Health Affairs Handbook will be used as a guide for those involved in the administration of IMS at various levels, including SCOs, IMSOs, training field activities, and DoD health care providers. The Handbook is maintained on the DISAM International Training Management Website:

B. The Health Affairs Handbook describes a variety of circumstances regarding health care for IMS and their dependents. Regardless of the situation, however, IMSOs should remember the fundamental policy regarding IMS health care, as stated in Chapter 2 of the Health Affairs Handbook:

All IMS and family members authorized on the ITO must have health care coverage for the duration of their training. Failure to have health care coverage on IMS and authorized dependent(s) will result in IMS being
withdrawn from training and returned home. Family members cannot be authorized on the ITO without health care coverage.

C. Many military treatment facilities are not familiar with medical benefits authorized foreign personnel. A POC should be established between the IMSO and the military facility that treats students. Health care benefits and financial considerations covering most IMS medical and dental contingencies are outlined in Chapter 8 of the JSCET. They cover most contingencies but are not all-inclusive. IMSOs should provide the medical facility with a copy of the JSCET chapter that pertains to medical and dental care. BUMED guidance is provided in NAVMEDCOMINST 6320.3B and BUMED Resource Management Handbook Medical Department U.S. Navy P-5020.

D. Dental care is provided for Non-NATO IMS only on an emergency, reimbursable basis where needed for relief of painful or acute conditions. Routine dental care must be received from civilian sources. NATO IMS receive the same dental care as U.S. military personnel.

E. Prosthetic devices, hearing aids, orthopedic footwear, and similar adjuncts are not authorized for Non-NATO IMS. Eyeglasses are furnished when required for training only if not available through civilian sources.

2.6.2 Serious Illness, Injury, or Death

A. Chapter 6 of the Health Affairs Handbook provides detailed guidance regarding major medical cases or fatalities of an IMS or dependent. Chapter 8 of the JSCET also provides information in the event that an IMS requires hospitalization. IMSOs should review this important information carefully, and work with other members of their training activity staff to develop Standard Operating Procedures (SOPs) for such an incident. The SOPs should reflect a training activity’s current procedures for responding to an injury or illness of a U.S. student, but should also reflect an awareness of the potential diplomatic, political, and media sensitivities involved in an international student incident. Initial steps should include:

1. Record the date and time of the notification and the name, organization, and telephone number of the individual making the notification.

2. Get the details of the incident, to include:
   (a) Name and country.
   (b) Nature of the Incident (Illness, Injury or Death).
   (c) Other Circumstances (DUI/DWI, accident, or other (specify)).
   (d) Location of incident.
   (e) Others involved in the incident/witness (name, address, and telephone number).
   (f) Description of the incident.
   (g) Action(s) taken after receiving the incident report.
      1. Name, position, date and time of persons notified.
      2. Other actions taken.

3. Contact the NETSAFA CPM by phone.

4. Keep a log of everything that occurs (including date and time of occurrence).

5. Report to the chain of command on a daily basis until the final report.

(A sample Incident Report and a sample Phone Contact List are found at the end of Chapter 6 of the Health Affairs Handbook.)

B. MILDEP medical facilities will retain IMS inpatient records, as required, and will ensure a copy is included in the IMS's medical records returned to the country.
C. NETSAFA will be notified via message when an IMS's authorized dependents are hospitalized due to illness, injury, or a condition that affects IMS's training, has political implications, or will result in excessive medical charges. The notification will include all pertinent information, prognosis, estimated charges and whether or not the medical conditions will preclude the IMS from successful completion of his or her training.

D. If an IMS under DON sponsorship dies while undergoing training with U.S. forces or while traveling in relation to the training, the remains will generally become the responsibility of the DON until return to the home country's custody can be made. The cognizant command will send a casualty report, by immediate message, to Navy IPO, NETSAFA, the foreign Attaché, and other agencies in the chain of command as appropriate. Basic guidance is contained in the Decedent Affairs Manual (NAVMEDCOMINST 5360.1). Detailed instructions on actions to be taken with respect to the remains will be provided by United States Navy Mortuary Affairs Office (MAO), Great Lakes, IL, after coordination with Navy IPO.

E. Bills for services in connection with the disposition of a deceased IMS under the IMET program will be submitted to CHBUMED for certification. Bills will then be forwarded to NETSAFA for addition of the appropriate accounting data before submitting for payment. Bills for services in connection with the disposition of remains of IMS in FMS training will be submitted to CHBUMED for certification and forwarded to NETSAFA, the appropriate embassy, or healthcare insurance provider, whichever is listed on the Invitational Travel Orders for payment of medical expenses.

2.6.3 Billing Procedures

A. The ITO (Block 12b of the TMS generated ITO) must specify the correct source for reimbursement of medical costs. If the IMS is covered under a reciprocal health care agreement between the U.S. and the IMS’s country, the agreement will take precedence over the charges listed in the JSCET. NATO IMS authorized accompanying dependents are entitled to the same medical care (with the exception of TRICARE for inpatient care) as U.S. military dependents. Non-NATO IMS may be provided medical care on a space-available basis when facilities and staffing permit. Eligibility does not mean free care. Figure 2.7 outlines medical care entitlements and reimbursement sources for IMS and their ITO-authorized dependents.

B. Clinics and hospitals account for the treatment rendered to IMS by completing a DD Form 7 for inpatient care and a DD Form 7A for outpatient care. Billing for dependents is done at the local level and payment is the student's responsibility. Naval medical treatment facilities must forward DD Form 7/7As for the IMS to the Bureau of Medicine and Surgery (BUMED) who in turn bills NETSAFA (for IMETP), the Foreign Government (for FMS cases), or the student, as appropriate.

1) IMET. If a Government Treatment Facility treats an IMET IMS, the ITO indicates that the IMET Program is responsible for payment, and criteria for treatment under the JSCET are met, the Military Treatment Facility will forward invoices to their Central Billing Office – BUMED Code M84 for Navy. A complete ITO should accompany all invoices. These invoices are compiled into monthly billings and forwarded to NETSAFA.

2) FMS. When reimbursement is the responsibility of the FMS case or the foreign government, the Military Treatment Facility forwards invoices to their Central Billing Office – BUMED Code 14 for Navy. A complete ITO should accompany invoices. These invoices are compiled into monthly billings and forwarded to the appropriate office for payment (if chargeable to the FMS case – as directed on the ITO; if chargeable to foreign government representative in Washington, D.C.)
2.6.4 **Billing Procedures for Emergency Civilian Medical Care**

A. IMSOs shall follow emergency care and billing procedures as outlined in Chapter 8 of the JSCET.

   Procedures may be printed for emergency reference. A link for the JSCET can be found on the NETSAFA website by selecting “DISAMS International Training Management” on the left column.

   **Before forwarding FMS IMS medical bills to NETSAFA for payment, contact the NETSAFA CPM to verify that a medical line is included in the Case.**

2.6.5 **Health Insurance Screening Policies**

The DON Process for Review of Medical Insurance Policies for IMSs and IMSs Dependents can be viewed at the following links:

This guidance complements the requirements, roles and responsibilities outlined in DSCA Policy Memorandum 11-32, International Military and Civilian Students, and Authorized Dependents Healthcare Coverage and can be viewed at

http://www.disam.dsca.mil/itm/messages/DSCA%2011-32.pdf. The DON Process for Review of Medical Insurance Policies for IMSs and IMSs Dependents carefully outlines the process for submission of commercial medical insurance policies when determined that it is required for IMS and authorized dependents AND for coverage compliance review by Navy International Programs Office IPO 240. As outlined in the guidance, NIPO at FACTSACCTFORMS@NAVY.MIL will complete the review within three days and the coverage compliance determination will be provided to the SCO, the IMSO and the applicable CPM at NETSAFA. If you have any questions please contact the NETSAFA IMSO Manager at 850-452-8810. **Figure 2.8** is the Request for Review of Healthcare Insurance Policy transmittal sheet and instructions. These documents can also be found at:

2.7 **Money Matters**

2.7.1 **Living Allowance Rates**

A. It is imperative that the IMSO confirm that entitled IMS receives the authorized living allowance, as stated in the ITO generated by the Training Management System (TMS). IMSOs should note that certain countries pay all or part of IMS’s living expenses.

B. Table C10.T12 of the E-SAMM (reprinted as **Figure 2.9**) shows the Living Allowances for IMS. This includes students under both the IMET Program (when the U.S. pays all living allowances) and FMS (when the living allowance is specifically stated in the FMS case, as approved by DSCA). These rates are based upon the Joint Federal Travel Regulations, which can be found at:
C. IMSOs should ensure that living allowance payments are computed for the correct amount. Procedures vary at each local Personnel Support Activity Detachment (PSD). Some PSDs may require IMSOs to complete a Travel Voucher (DD Form 1351) or a Disbursement Voucher (NAVCOMPT Form 2277). Other PSDs will complete the Travel Voucher based on information provided by the IMSO. Figure 2.10 is provided as a sample letter an IMSO may need to forward to the PSD for living allowance payments (or may be used as a tool to assist the IMSO in computing the correct living allowance amount).

D. Living allowance for FMS IMS must be approved by DSCA in the FMS case. Living allowance under an FMS case will be paid at the same authorized rate for IMET students, unless waiver is granted by DSCA.

E. Advance payment of living allowances not to exceed $100 may be made to IMS at the POE or the first training installation in the U.S. IMSOs should request authorization from NETSAFA for advance payments over $100.00.

F. For IMET IMS going to follow-on Coast Guard OJT, the living allowance is paid by the losing training command before the IMS departs. The living allowance payment will cover the OJT period and/or through return to home country.

G. When IMS are on a cross-country training flight or TDY in connection with a required course of training, IMS are eligible for TDY entitlements, which will be included in the course tuition. When an IMS is authorized TLA and is concurrently TDY, the IMS will be reimbursed for travel and per diem (lodging, subsistence, and incidentals) in accordance with the JFTR rate for the TDY location, plus the TLA authorize at the training location, which will be charged to the fund cite on the ITO.

2.7.2 Dependents

A. IMS are encouraged to bring their dependents to the U.S. ONLY when they are attending certain PME courses. A list of these courses is found at Note (7) of Table C10.T12 of the Security Assistance Management Manual. Regardless of this list, there are occasions when IMS arrive at other training sites with their dependents. IMSOs should have a contingency plan to address these circumstances should they arise, including lodging, meals, transportation, and medical matters.

B. The living allowance rates for accompanied IMET IMS will not be increased solely because they have dependents with them.

C. Dependents of IMS are not allowed to seek employment during their stay in the U.S.

D. ID cards, commissary, exchange and medical privileges are authorized only for dependents authorized on the ITO.

2.7.3 Commissary and Exchange Privileges

A. Commissary, exchange, recreational and other privileges ordinarily available to U.S. military personnel and their dependents will be extended to IMS of equal rank and their authorized accompanying dependents to the extent authorized by the BUPERSINST 1750.10 series, MCO P5512.11 or other appropriate directives.

2.7.4 Indebtedness

A. During the IMS out-processing from the training installation, IMSOs are responsible for identifying those IMS with delinquent debts. The IMSO should employ the assistance of the Country Liaison Officer (CLO) if available, in resolving overdue debts. If unable to settle locally,
forward indebtedness issues to NETSAFA for resolution, with info copies to the chain of command. Student Indebtedness Policy is covered in the JSCET, Para. 10-31.

2.7.5 Identity Theft

A. IMS can be particularly vulnerable to possible electronic identity theft. IMSOs should ensure that IMS are warned of such illegal activities during their time in the U.S.

B. When an IMS arrives at a Training Site, IMS should be briefed on the potential for identity theft. IMS should be cautioned not to divulge personal information to anyone who does not have an official, legitimate reason for having the information. This information includes:

   (1) Full Name
   (2) Date/Place of Birth
   (3) FIN/SSN
   (4) Bank/Checking/Savings Account Numbers

C. In particular, IMS should be advised to:

   (1) Safeguard personal papers/information against theft
   (2) Shred bank statements and other papers with personal information before discarding
   (3) Never divulge information by phone, e-mail, or over the internet to strangers
   (4) Never click on links sent in unsolicited e-mails
   (5) Check bank statements and other records for any unexpected/unknown transactions
   (6) Report any suspicious requests for information or activity immediately
   (7) Contact the IMSO to discuss any questionable or suspicious situation

D. The U.S. Federal Trade Commission has a brochure with additional information regarding identity theft. This brochure is available at:

   http://www.ftc.gov/bcp/edu/pubs/consumer/idtheft/idt01.pdf

2.7.6 Purchase and Use of Privately Owned Vehicles (POV)

A. IMS may purchase POVs unless such purchase is specifically prohibited in their ITO. IMS who want to purchase a POV should consult the IMSO before signing any purchase contract.

B. IMS must comply with training installation and State regulations for registration and operation of such vehicles. IMS will be required to purchase and maintain public liability and property damage insurance.

2.8 Classified Materials

2.8.1 Disclosure of Classified Military Information (CMI) and Controlled Unclassified Information (CUI)

A. Disclosure authorizations are issued for each country scheduled for classified training and are valid until the course content or the political relationship between the U.S. and the respective country changes. They are based on the information provided in SECNAV Report 5510.3, "Classified Materials and Information Used In Courses Attended by International Students", submitted by training activities for each classified course in the Military Articles and Services List (MASL). See the E-SAMM Chapter 10 (paragraph 10-102) for additional details. Submission of 5510.3 report data can be made on-line at the Navy IPO FMT Website.
B. Disclosure of CMI and CUI during instruction may occur only after receipt of a disclosure authorization from Navy IPO (Code 01B2), the Naval Intelligence Command, or a command delegated authority in the SECNAVINST 5510.34 series. Under no circumstances will classified training or information be provided without a disclosure authorization.

C. Disclosure authorizations are issued for "appropriately cleared" representatives of the attending country. However, at no time does an ITO authorize the disclosure of CMI. IMSOs must ensure the access granted to the IMS on the ITO by the country is at least equal to the level granted by the disclosure authorization. If the ITO grants a lower level of clearance than is contained in the disclosure authorization, or if no access is authorized, the IMSO must contact Navy IPO (Code 01D2) for determination if the training should be conducted at a lower level of classification, or if the training should be cancelled.

2.8.2 Classified Training Material and Student Notes

A. DON training activities can supply only classified student notes and locally prepared course materials to the pertinent SCO, with appropriate release forms. Other classified publications used during instruction of the classified course such as texts and schematics must be requested by the foreign Government through normal channels.

B. Before shipping classified student notes and locally prepared course materials, the training activity will ensure these materials are reviewed and bear the appropriate U.S. security classification markings. Student notes and course materials that cannot be reviewed because they are written in a foreign language should be marked with the highest classification of information disclosed during the course. All classified materials will be conspicuously marked by stamp or other means, to indicate the following information:

1. Highest classification of included material
2. Date of review
3. Name and rank of reviewing official
4. Name of cognizant activity
5. Training course involved
6. Student's name and service

C. The "Third Country" marking required by SECNAVINST 5510.34 will also be applied to the cover of each classified document. After the appropriate markings are applied, the material will be forwarded to the SCO for transmittal to the foreign Government. (If the authorized address in the Standard Navy Distribution List is other than the SCO's, passing instructions should be included.) In the case of ship's crew training, classified student notes and locally prepared material may be delivered directly to the ship if it is accessible.

D. Classified material containing Communications Security (COMSEC) information must be forwarded via Naval Network Warfare Command (NAVNETWARCOM) to the SCO for transmittal.

2.9 Records and Reports

2.9.1 IMS Training Records

A. The IMSO at the first training activity will initiate a training record on each IMS. IMSOs at successive training installations will maintain IMS records, and will ensure that all necessary and appropriate documents are included. As a minimum, this record will contain the following:

1. Copy of ITO, amendments, and endorsements.
(2) Application for ID cards for IMS and their authorized accompanying dependents.

(3) Instructor comments on the IMS's performance.

(4) Record of courses attended.

(5) International Student Academic Reports.

(6) Correspondence relating to indebtedness, traffic violations, civil law violations and charges, and other disciplinary incidents.

(7) Record of individual counseling given the IMS.

(8) Record of DoD FSP activities that IMS either participated in or were given the opportunity to participate in.

(9) Any other documents that would be beneficial to IMSOs at subsequent training locations.

2.9.2 Biographical Records

A. The IMSO will maintain biographical records on IMS. The IMSO must report infractions, incidents of a serious nature, or serious medical conditions or emergencies involving either IMS or their Family members. The initial report will be by telephone followed immediately by a priority message. For Navy-sponsored IMS, reports will be made to Navy IPO via the chain of command and NETSAFA. For Marine Corps-sponsored IMS, reports will be made to USMC/CG, SECTC MCCDC via the chain of command, with information copies to Navy IPO and NETSAFA. For Coast Guard-sponsored IMS, reports will be made to USCG International Affairs (G–CI) via the chain of command, with information copies to Navy IPO and NETSAFA.

2.9.3 IMS Progress Reports

A. IMSOs should use the SAN IMSO Web to provide student Commencement, Completion, Attrition, Delay and other type Progress Reports. The cognizant reporting activity will send these reports to NETSAFA via the SAN IMSO Web. Information copies are sent to the respective major claimant (if other than NETC), the functional commander, and other addressees as required. A copy of all progress reports will be placed in the student’s file. (See IMSO Cheat Sheets for more information.)

B. Arrival/Commencement Reports are prepared when students actually begin training, and should be submitted within three working days after course commencement. These reports are sent automatically to the NETSAFA CPM with an information copy to the next senior in the IMSOs chain of command and the SCOs who desire these reports. IMSOs are only able to update blank fields on the SAN IMSO Web:

(1) Progress reports should be sent by the IMSO at the first training installation after the Foreign Identification Number (FIN) has been assigned.

(2) After the Arrival/Commencement Report is sent, a red check mark should appear over the report icon (handshake).

C. Departure/Completion Reports. Use the IMSO Web to send Departure/Completion reports when students graduate, attrite or are otherwise eliminated from the course. Updates should be submitted within three working days after course completion or termination.

(1) Include the enroute travel information in the remarks section of the report if the student is returning to home country or going to another installation for follow on training.

(2) After the Departure/Completion Report is sent, a red check mark will appear over the report icon (airplane).
(3) It is not necessary to include the SCO on completion reports. Progress reports of a negative nature (i.e., student disciplinary problems) should be coordinated with higher authority prior to submission. Navy IPO is normally not an information addressee on routine commencement or intermediate completion reports, but should be included if a failure report is issued due to an academic, disciplinary, or medical reason.

(4) The Embassy of Egypt is to be included on all completion reports for Egyptian students. Please fax to (202) 462-5978 or mail to:

Embassy of the Arab Republic of Egypt  
Office of the Defense Military Naval Air Attaché  
2308 Tracy Place, N.W.  
Washington, D.C.  20008

D. No-Show, Failure, Delayed Completion, Correction or Student Progress Issues are outlined in the JSCET. Reports should be submitted within one working day after determination of course failure, no-show, or for delayed completion caused by nonacademic or non-disciplinary factors. Please note that the IMSO cannot change data once it is entered. If data has been entered incorrectly, send a Progress Report and note the change in the remarks. See the IMSO Cheat Sheets for further guidance.

E. Navy Flight Training:

(1) Simulator hours should be reported in the same manner as aircraft hours.

(2) Notify the NETSAFA CPM for a change in Estimated Completion Date (ECD) of one week or more and the reason for the change.

(3) Get approval via telephone or in writing prior to any extension in training or additional flight/simulator hours. An estimate of those additional flight hours is required if an ECD change is required and additional flight hours or simulator hours will exceed the programmed syllabus hours. Additional hours will not be flown until authorized by appropriate country manager.

(4) The Completion Report should include the following:

(a) Actual syllabus hours flown by aircraft type and FY.
(b) Actual syllabus simulator hours by simulator type and FY.
(c) Dates of holidays observed during course enrollment.
(d) Dates of student’s sick leave taken during course enrollment.
(e) Dates of student’s annual leave taken during course enrollment.
(f) Incomplete or lack of document of ((4 a-e) above), items will delay financial action.

F. Exceptions to preparing International Trainee Progress Reports for each course of instruction are as follows:

(1) Aircrew and Fleet Replacement Aviation Maintenance Program (FRAMP) training. International Trainee Status Reports for aircrew and FRAMP training under COMUSFLTCOM, COMPACFLT, and COMNAVAIRESFOR will be the responsibility of COMNAVAIRLAN, COMNAVAIRPAC, or COMNAVAIRESFOR respectively, and will be provided at the following intervals:

(a) Within three working days after commencement of the first training line.
(b) Within three working days after completion of the last training line or termination. The completion report will contain the following statement in the remarks section: "All training was completed according to student's original schedule." The actual dates and types of leave taken by the student since enrollment will also be shown in the remarks section.

(c) Within one working day after determination of course failure or no-show.

(d) Within one working day after determination of delayed completion caused by non-academic or non-disciplinary factors.

(e) Within one working day after determination of deviation from student's original schedule. Note: The Naval Air Maintenance Training Group Detachments and Units under the Commanding Officer Naval Air Maintenance Training Group and NETC will continue to report as per para. d. above.

(2) Naval Systems Command training. Multiple training sites (for example, Naval Ordnance Management Training for senior officers or OJT supply) billed or tracked as one line of training under the Systems Commands will be reported in accordance with para. E.1. above.

(3) Contractor training reports. On a quarterly basis, the contractor and the program manager will provide the NETSAFA, MCSCG, or COMDT COGARD (CG-ACO-I), a report listing all IMS currently receiving training and all students expected to receive training within the next six months. IMSOs should refer to Navy IPO Instruction 4950.1 of April 6, 2005 for detailed guidance.

(4) Training under materiel case. Training under a materiel case should be reported in accordance with the procedures outlined in this section, or as directed by the cognizant major claimant. If unique training situations should occur, the major claimants will provide reporting guidelines.

2.9.4 International Student Academic Report

A. The International Student Academic Report provides the major source of information available to the SCO and the foreign government to assess the IMS's academic achievement. The reports are required for all IMS in all types training conducted under the DON Security Cooperation Training Program including classroom training, on-the-job training, observership training, and contractor training. The training installation should designate a faculty member or other staff member as the Evaluator, responsible for completing the academic report. The IMSO is responsible for ensuring that an academic report is completed for every course in which an IMS is enrolled - there should be one academic report for each line of training. The IMSO must also ensure that each academic report is included in the IMS Training Record, in accordance with Section 10-72 of the Joint Security Cooperation Education and Training (JSCET).

B. The SAN Web can now accept the IMS Academic Evaluation Report (AER). This will enable the SCOs, COMCOS staff, and other authorized persons to view the AER as soon as the IMS has completed a course, and eliminates the need for hard copy documents. The system will also generate an automatic e-mail to the SCO and the Military Service office when an AER is uploaded into the SAN. IMSOs should begin utilizing the online AER capability of the SAN. AERs can be uploaded to the SAN as follows:

(1) Log onto the SAN Web under Training Tab;

(2) Go to “Students” tab, Select “Academics Rpts,” Arrow down to Academic Report (DD2496);

(3) There can only be one AER upload per student per training line.
(4) Perform ONE UPLOAD at a time.

(5) The maximum file size is 25MB, but the ZIP File should be used for files of this size.

(6) The “Action” column permits you to view or delete an uploaded AER.

C. When a hard copy Student Academic Report is submitted, the following instructions relate to the parts (or elements) in Figure 2.11, which may be reproduced as needed

(1) Forwarding Address. The next training site if subsequent training is scheduled, or the country SCO if course is the last training sequence.

(2) From. Name and address of training installation preparing the form.

(3) Name. Enter trainee's name (last, first, middle) as shown on student's ITO.

(4) Grade. Enter trainee's rate or rank (if civilian, enter CIV). Also enter trainee's U.S. paygrade equivalency (for example, CAPT, 0-6; SGT, E-5; CIV, GS-13).

(5) Country. Enter trainee's country.

(6) FMS Case or IMET FY and WCN. Enter FMS case number or trainee's worksheet control number as shown on student ITO.

(7) Course Title. Official long title assigned to course.

(8) Course I.D. Number. Course Identification Number (CIN) assigned.

(9) Course MASL. The Military Articles and Services List (MASL) number assigned to the course.

(10) Duration of Course. The convening (from) and graduation (to) dates of the course in year, month and day format.

(11) Did Student Complete Course? Check appropriate block (yes or no). In this instance, the word "complete" means the student was physically in class from convening to graduation. Type of completion will be indicated in Block 12. Note the circumstances in Block 15 if a student did not complete a course.

(12) Student Was Awarded. Check appropriate block. If other, specify in Block 15.

(13) English Comprehension Level. Only for countries required to take either in-country or CONUS ECL test (or both). Enter test scores in applicable blocks. Enter "DLI Entry" if student attended DLI.

(14) Student's Academic Evaluation.

(a) Enter the evaluation code from Block (14a) rating scale that best describes the student’s performance in the areas listed in Blocks (14b) and (14c). Assignment of Unsatisfactory and Not Observed codes require an explanation in Block 15.

(b) Training will be evaluated for both language proficiency and performance in class. Note that Block 14.c.6 is for “Potential as Instructor” and should be completed only in Instructor Training courses. Mark N/A for not applicable for all other training.

(15) Remarks on Academic Performance, Awards and Other Information. Provide the following when appropriate:

(a) Required by Blocks 11, 12, or 14a above.

(b) Comments providing additional insight into the trainee's performance or failure.

(c) Explanation for the trainee's attrition or reasons for termination of training.
(d) Recommendation or explanation for trainee disposition.

(e) Significant accomplishments or awards.

(f) Flight training only: For training activities conducting flight training, enter number of hours flown by fiscal year and aircraft/simulator type.

(g) If specifically directed by NETSAFA to provide final grade and class standing, this data will be entered in Block 15. This will only be used in limited cases where the country has specifically stated they require this information.

(16) Remarks on Student's Participation in Extra-Curricular and Community Affairs. This block can be useful if the trainee is scheduled for follow-on training to ensure that scheduling of duplicative events does not occur. Do not mention the “Field Studies Program” or “FSP” per se. However, you may list the major activities such as “visited Fourth Circuit Court,” “participated in tour of local newspaper office” etc.

(17) Evaluator Fill in and Sign. Each person signing as an evaluator must be equal in rank or senior to the student.

(18) International Military Student Officer (IMSO) Signature. Indicates form has been placed in the student training record or is being forwarded to address in Block 1.

2.9.5 DON Security Cooperation Training Program Records Disposition

A. As FMS Training Case and IMET Program Administrator, NETSAFA is responsible for the disposition of all Security Assistance Training Program records dealing with individual IMS and individual country training programs. This includes, but is not limited to, ITOs, progress reports, correspondence, messages, etc. If NETSAFA is an info addressee on any such correspondence, training activities may destroy their copy when no longer needed. If NETSAFA is not in receipt, the report/document should be forwarded to NETSAFA for determination as to further disposition on a case-by-case basis.

B. Reports dealing with the IMS academic evaluation should be included in the individual IMS training jacket that is eventually forwarded to the SCO, who in turn keeps a permanent copy. Training activities may destroy their copy of evaluation records as directed in the Navy Records Management Manual (SECNAV M-5210.1).

2.10 Special Circumstances

2.10.1 Disciplinary Actions and Special Incident Reporting

A. Infractions or incidents of a serious nature involving either IMS or their dependents include, but are not necessarily limited to:

   (1) Serious breaches of discipline.
   (2) Matters involving civil authorities.
   (3) Incidents considered to have politico-military implications.
   (4) Situations considered outside the purview of local commands or installations.

B. Due to the sensitive nature of such reports, distribution will be limited to the following organizations or activities. An incident should be reported by telephone to the appropriate NETSAFA CPM and the flag rank command supervising the training. Telephone notification
should be followed-up by priority e-mail. For Navy sponsored IMS, reports will be made to Navy IPO via the chain of command and NETSAFA. The report will include appropriate recommendations.

C. If the IMS is hospitalized, include all pertinent information concerning the IMS's condition, as well as prognosis. Prognosis should include initial comment regarding feasibility of IMS to successfully complete current training.

D. Matters involving the possible application of criminal jurisdiction by U.S. civilian authorities will be coordinated with the respective service's Judge Advocate General (JAG) office as appropriate.

E. A "Royal Saudi Naval Forces (RSNF) Student Incident Report" (Figure 2.12) is available for reporting infractions or problems involving RSNF students that do not warrant special incident reporting. Contact the following people at NETSAFA Saudi Training Program Department for additional information and guidance:

Primary (850) 452-3570 (DSN 459-3570)
Secondary (850) 452-8849 (DSN 459-8849)

2.10.2 Unauthorized Absence (UA)

A. IMSOs will carefully check student accountability records before making a determination of Unauthorized Absence (UA), to ensure that the IMS is not absent because of misunderstanding the schedule, sick in quarters, or for other plausible reasons. (Note: When a student is determined to be in an UA status while in travel from one training installation to a follow-on training elsewhere, the student’s last installation is responsible for completion of IMSO responsibilities.)

B. When it has been determined that an IMS is UA, the IMSO will take the following actions:

(1) Initial/Immediate notification of the following offices (See para 2 for information required for notification):

   (a) NETSAFA CPM
   Notification or questions should be made immediately after determination of UA status. If the UA occurs after hours or during a weekend, contact the NETC Senior Duty Officer (SDO) at 850-554-5312.

   (b) Defense Security Cooperation Agency (DSCA):
       703-601-3655

   (c) Immigration and Customs Enforcement (ICE) office (both local and national office at ctceu@dhs.gov)

   (d) Local Naval Criminal Investigative Service (NCIS)

(2) The notification information should include, but is not limited to:

   (a) IMS name and country
   (b) Passport and visa information
   (c) Known variations in name spelling
   (d) Effective date and time of absence
   (e) Last Known Location
   (f) Date of Birth
   (g) Place of Birth
(h) Last Known Mobile Telephone Number of IMS
(i) Case Identification/Work Control Number (WCN)
(j) Type of training and any follow on training for which IMS is programmed
(k) Travel circumstances (flight arrangements, layovers)
(l) Any information concerning events that may have contributed to the situation
(m) Known relatives in the United States
(n) Information on U.S. driver’s license (e.g. number, issuing State, expiration date)
(o) Information and copy of any DoD identification (ID) cards issued

(3) Secondary Notification for the following:
   (a) Notify the appropriate DoD ID card office to ensure the ID card is cancelled.
   (b) Notify the local Defense Finance and Accounting Center facility and finance officer to post UA information to the IMS DD Form 1588 to cancel service to preclude unauthorized payments.
   (c) Notify installation lodging and cancel service.
   (d) Notify the base Staff Judge Advocate who should be aware of U.S. Government consular notification requirements if the IMS is later arrested.

(4) Additional actions required:
   (a) Ensure the proper progress message (AWOL-TG) is entered in the Security Assistance Network (SAN) database.
   (b) Request designated Security Cooperation Officer (SCO) provide instructions for disposition of IMS personal effects from Ministry of Defense (MOD) of IMS. Cost for shipping and handling will be charged to corresponding funding line of IMS.

(5) If the IMS returns to a DoD training installation or is known to be detained by local authorities; notify the local and national ICE/DHS office, appropriate MILSRV CPM and DSCA.

(6) In the event an IMSO is notified of an IMS failing to return to home country after completion of training, NETSAFA should be notified. NETSAFA will verify the circumstances with IMS' home country and take appropriate action.

(7) Additional information:
   (a) Media inquiries regarding the UA should be directed to the NETC Public Affairs Office (PAO) at 850-452-4859. The base PAO should also be informed of the UA. IMSOs should not make statements or provide information to the media.
   (b) In the course of the Training Site Arrival Briefing, IMS should be informed of the 24 Hour Notification Policy. The IMSO Guide Arrival Briefing Checklist (Fig. 2.6) will be amended to reinforce this time limit.
   (c) The NETSAFA Website copy of the IMSO Guide (Para. 2.10.2 – Unauthorized Absence and Figure 2.6 – Arrival Checklist) will be revised to reflect these expanded UA Notification requirements. IMSO’s should revise their copy of the IMSO Guide accordingly.
2.10.3 Disenrollment and Controversial Matters

A. A primary purpose of Security Assistance Training is to encourage effective and mutually beneficial relations and increased understanding between the United States and foreign nations. It is U.S. policy that every reasonable effort should be made to ensure that an IMS complete scheduled training and attain the required level of skills and professional competence. However, it is not intended that the IMS be passed or graduated solely as a gesture of goodwill; within prescribed limitations concerning access and security of classified or protected USG information, the IMS will be treated in the same manner as U.S. military students.

B. The above notwithstanding, it is important to consider the IMS's aptitude, application, sincerity, diligence of effort, and demonstrated understanding, as well as his/her numerical grades. All of these factors contribute to the evaluation as to whether the IMS can accomplish the training objectives. DON policy on this subject is outlined in the following paragraphs.

C. Occasions or situations may arise which could be detrimental to the IMS's successful completion of training but which are not serious enough to be classified as discipline or disenrollment. Examples of this are unique situations related to grooming standards, religious principles, or minor indebtedness. In these cases, training activities should initiate action through the chain of command, info Navy IPO and NETSAFA, to resolve these issues. The decision to notify the Combatant Command or the SCO resides with Navy IPO for Navy. In most cases, the situation can be resolved within the Continent of the United States (CONUS) Security Assistance community.

D. In the absence of standard agreements with countries involved in Security Assistance Training, the IMS cannot be disciplined in accordance with the Uniform Code of Military Justice (UCMJ). Disenrollment is the only option available in the case of an IMS who has demonstrated an inability to conform to the rules and regulations at the command where training takes place. Authority to disenroll an IMS will be executed by the Navy IPO Country Desk Officer for a Navy sponsored IMS.

E. While disenrollment may be the only available option, it must be viewed as the last resort. Disenrollment of an IMS indicates that the training authorized and approved under an IMET or FMS training program has not been accomplished. Experience has shown that contact with an IMS by officials of his/her own government can resolve most disciplinary problems. In many cases such contacts can also have a positive influence on academic problems, especially where the cause may be the IMS's attitude in pursuing the course of instruction. In order for this contact to be effective, the disciplinary and/or academic problems must be brought to the attention of Security Cooperation training POC within the chain of command, and NETSAFA, as early as possible.

F. To facilitate the proper documentation, reporting, and resolution of academic and disciplinary problems, the following system will be implemented by all DON activities providing SA training to IMS:

1) Warning.

   a) When an IMS demonstrates non-conformity to established standards of behavior or has failed to achieve the required academic progress, the IMSO will formally counsel the IMS concerning these shortcomings. The counseling will include:

      1) the exact nature of the behavior or performance that has failed to meet established or required standards

      2) the exact nature of the change required

      3) the time period the IMS is being given to make the required change
(4) a warning that change is required to avoid the IMS's placement on probation (the last stage before disenrollment)

(5) that the counseling session is considered an official warning to the IMS.

(b) The IMSO will make an official record of the counseling session and enter it into the IMS's training record. The IMS will be informed that if the required changes in either behavior or academic performance are made within the time period specified, the official record of the counseling session will be removed from the IMS's training record upon the IMS's successful completion of the current course of instruction.

2. Probation.

(a) When an IMS fails to make the changes in either behavior or academic performance required as a result of being formally placed on warning status, or when an IMS indicates serious non-conformity to established standards of behavior, the IMS will be officially placed on probation.

(b) If an IMS is placed on probation, the Commanding Officer will formally counsel the IMS. The IMS will be advised:

(1) that he/she is officially being placed on probation, that the IMS must change his/her behavior to avoid recommendation for disenrollment

(2) of the exact nature of the behavior or performance that has failed to meet established or required standards

(3) of the exact nature of the change required

(4) of the time period in which the change must occur

(5) that the IMS's Washington, DC-based Attache or other government official will be notified of this action.

(c) The details of the probation will be recorded in an official letter to the IMS from the Commanding Officer, which will be provided to the IMS during the official counseling session. A copy of this letter will be placed in the IMS's training record, and will remain in that record until the IMS successfully completes all CONUS based training. If the IMS's conduct/academic progress so warrants, the IMSO at the last activity or installation providing training to the IMS will remove this letter from the training record prior to forwarding the training record to the SCO. Navy IPO and NETSAFA should also be provided a copy of the letter.

(d) Navy IPO will make notification to the Washington, DC-based representative of the IMS's government.

3. Disenrollment.

(a) When an IMS fails to make the changes in either behavior or academic performance required as a result of being formally placed on probation, or when an IMS exhibits behavior prejudicial to good order and discipline, the Commanding Officer of the training activity is authorized to recommend disenrollment. This recommendation will be made through the chain of command to NAVY IPO. Information copies of the recommendation and any other correspondence relating to disenrollment will be forwarded to NETSAFA. The initial report will be by telephone followed immediately by a Priority message. The report will include appropriate recommendations. Copies of all record correspondence relating to disenrollment will become a permanent part of the IMS's training record and will be forwarded to the SCO after the IMS's return to homeland.
(b) See paragraph 10-93 of the JSCET, for governing authority to disenroll an IMS.

(c) Navy IPO will notify the Washington, DC, based representative of the IMS's government.

(d) NETSAFA will provide disposition instructions to the training activity involved. Copies will be provided to Navy IPO, the Combatant Command, the SCO, and the Washington, DC, based representative of the IMS's government.

G. Humanitarian Disenrollment. Occasions may arise when an IMS cannot complete a course because of injury, illness, or personal hardship. When such an event occurs and is confirmed, the IMS should be disenrolled, and the circumstances surrounding the disenrollment should be documented in the Academic Report. The IMS should be provided a copy of the Academic Report upon departure from the training site.

2.10.4 Political Asylum

A. Requests by IMS for political asylum in the U.S., or for temporary refuge, must be treated with urgent but careful attention. Uniform policies and procedures and assignment of responsibilities for handling requests for political asylum or temporary refuge are found in SECNAVINST 5710.22. For Navy IMS, the POC for implementation of these policies shall be the Ocean Policy Branch of the Political-Military Policy and Current Plans Division, Office of the Chief of Naval Operations (CNO) (N525).

B. Before the request is officially made, the IMSO should first brief the IMS on the following:

   (1) This request is serious and is irreversible once made official.

   (2) The IMS will immediately be disenrolled from training and turned over to proper authorities in accordance with DoD instructions.

   (3) IMS will lose all military privileges, including living allowance, living on base, and ID card.

   (4) Not all requests for political asylum are approved.

C. IMSOs are reminded not to discuss any political asylum requests with other students, the public, or the media. IMSOs should afford reasonable care and protection to the IMS.

D. Distribution of messages concerning this subject should be strictly limited to protect the confidentiality of the IMS. In no case shall a training activity include in-country addressees. Messages should be addressed to as follows:

   (1) Navy activities should address reports to CNO (N525), info Navy IPO, NETSAFA, and the chain of command.

   (2) Further dissemination of information will be determined at the SECNAV, CNO, or Combatant Command levels.

2.10.5 Guidelines on Relations with Taiwan

A. The following are guidelines and proper terminology that should be used in the management of programs for Taiwan. The term “Taiwanese” refers to Chinese who have been on the island hundreds of years and have their own dialect. It does not include the Mainlanders who arrived after 1949.

2.11 Final Training Installation Actions

2.11.1 Completion/Termination of Training

A. For completion or termination of training, adhere to the following guidelines:

(1) Items listed in the Departure Briefing Checklist, Figure 2.13, will be covered with the IMS.
(2) Identification Card will be surrendered by IMS during outprocessing at the last training activity. IMSO will maintain/log turn-in and/or destruction of ID/CAC card in TMS-9 SanWeb for accountability.
(3) Unless approved by NETSAFA, IMS will not be allowed to remain in U.S. Government quarters for a period longer than one week after termination of the last training course scheduled at an installation. NOTE: Students whose Travel and/or Living Allowance (TLA) is paid by U.S. Government funds will be scheduled to depart the day following graduation; however, if a delay is caused by extenuating circumstances IMSOs may request an exception to this policy. Requests for exceptions should be addressed to NETSAFA. If the exception is granted, student may continue to draw living allowance and remain in military quarters until departure.
(4) International Trainee Progress Report shall be completed within three working days after course completion.
2.11.2 Return Travel

A. The last training installation to which the IMS is assigned is responsible for making arrangements for the return travel to country, and for notifying the SCO of return itinerary by message. See para. 2.3.2 for information on arranging travel for IMS whose travel is funded by the USG.

B. Particular attention should be given to baggage limitations, since it is very typical for an IMS to return home with excess baggage. ISMOs should review para. 2.3.3 carefully.

2.11.3 Forced Overnight Stays and Rest Stops

A. If airline scheduling requires and overnight stay, the IMSO at the last training installation should arrange the necessary hotel reservation prior to an IMS’ departure, and process the IMS’ final voucher with payment for lodging expense. The maximum lodging amounts found in the JFTR will be used in lieu of actual lodging amounts.

B. In most instances, students will not be permitted to remove checked baggage during overnight stays/rest stops. Students should use "carry-on" bags for clothing/personal items during this time. Students should be briefed accordingly prior to their departure from the training installation.

C. An IMS will be authorized a rest stop in accordance with the JFTR. Rest stops will be scheduled at a point enroute where carriers permit free stopovers.

2.11.4 Shipment of Retainable Instructional Materials (RIM)

A. A shipment weight allowance is authorized for each IMS for instructional material issued to and retained by the IMS for use in home country. The cost of shipment of RIM is included in the tuition rates for all formal courses based on standard rates.

B. IMSOs will ensure that no personal effects are packaged with RIM, and ensure that only unclassified books, pamphlets, maps, charts, or other course material issued to the IMS are shipped. It will not include articles procured by the IMS for personal use, or materials not directly related to the course of instruction. The cost of packing and shipping personal items and household goods will be borne by the IMS. The IMS is not permitted to ship these items with RIM by paying for excess charges over the authorized weight.

C. Materials are packaged and labeled at the training installation and shipped to the country SCO for delivery to the IMS, or to the official address for classified material, or to the student directly as indicated on the ITO via the most economical method available. DoS Pouch service is not authorized. A copy of the student’s ITO is placed inside the package. Use of the Army and Air Force Post Office or Fleet Post Office address of the sponsoring SCO is authorized if available. Packages shipped via the SCO should be addressed to the SCO (student’s name must not be entered on address label) and include (on the side of the package) the WCN and Program Year for IMET IMS and the WCN and FMS case for FMS IMS.

D. An endorsement to the ITO will cite the weight shipped. The weight allowance for RIM is 200 pounds for PME, postgraduate education, and 50 pounds for all other courses. IMS desiring to send RIM via international mail or over the total authorized weight allowance will do so at their own expense.

E. RIM for IMS’s from Germany is shipped to the following address: The weight allowance for RIM is 200 pounds for PME, postgraduate education, and 50 pounds for all other courses.

### Additional Information for Table C10.T12.

1. Quarters available means that USG quarters or contracted government quarters were either furnished or made available.
2. Mess available means three meals per day are available in a USG dining facility, whether or not actually consumed.
3. When TLA is authorized, the travel allowance rate includes the day of departure from home country to the day of arrival at, and day of departure from, each training installation, and the day of arrival at home country. TLA rates, while the IMS is on travel status including unscheduled delays, are based on rates equal to the JFTR per diem rates for U.S. personnel in a TDY status. In most cases, students do not receive his/her first TLA payment until he/she has been in CONUS for two weeks; therefore, the SCO is authorized to advance the student sufficient funds in U.S. dollars to meet all expenses while the student is en route, to include not less than two weeks advance up to thirty days advance TLA. Any such advances
must be annotated in the special conditions block of the ITO to prevent duplicate payment of entitlements at CONUS training activities.

4. When the IMS is scheduled to attend training for 5 weeks or less, the SCO is authorized to purchase roundtrip transportation and to pay the student total authorized living allowance entitlements at the time of departure. Government Transportation Request number (GTR #) and amounts paid for transportation and living allowances are annotated in the special conditions block of the ITO to prevent duplicate payment of entitlements.

5. If the duration of training at the last training installation is two weeks or less, and/or the last training installation has no means of paying the IMS, the International Military Student Officer (IMSO) at the next-to-last training installation arranges for advance payment of travel and living allowance for that period of time to the day of arrival at the next follow-on training installation or country. Except for periods of leave, the student ITO is endorsed in the Special Conditions Block to identify the period of time for which advanced living and travel allowances were made.

6. If it is determined that an IMS who has departed the CONUS or overseas training activity was overpaid in CONUS or at the overseas activity, no attempt would be made to collect the overpayment from the student. The IA determines whether a funding adjustment via the SC training program is necessary.

7. Accompanied students living off post/base attending courses where dependents are authorized may draw a living allowance advance upon arrival in CONUS of an amount equal to the estimated living allowances for the first 45 days at a particular location. The student living allowance drawn during the period of training is adjusted to ensure that the amount of the advance is fully recovered before the student completes training at that location.

8. When an IMS with authorized dependents is subsequently hospitalized, the TLA rate must continue to be paid.

9. TLA is not authorized for leave periods before or following completion/termination of training. Leave with living allowance may be granted during periods of class breaks, authorized holidays, and between consecutive courses.

10. Guest instructors assigned to WHINSEC, IAAFA or NAVSCIATTS are paid a living allowance based upon the installation's government quarters or government contracted quarters' rates by grade and a standard subsistence allowance regardless of rank. Guest instructors’ allowances are paid out of the MILDEP’s Operations and Maintenance account, not SC training programs.

11. When an IMS is authorized TLA and is concurrently TDY, the IMS will be reimbursed for travel and per diem (lodging, subsistence and incidentals) in accordance with the JFTR rate for the TDY location and if required, to pay rent/lodging while TDY, plus the lodging portion of the TLA authorized at the training location.

12. When the IMS pays for lodging, regardless of whether it is government lodging or commercial lodging, the IMS must provide a lodging receipt with each TLA claim. If a rental agreement has been signed, a copy of that agreement is also provided with each TLA claim. When the IMS resides in an apartment, the lodging expense includes the cost of standard utilities, furniture rental, and maid service, equal to what the JFTR allows a U.S. military member on TDY renting an apartment.

CHAPTER 3

FIELD STUDIES PROGRAM (FSP)
CHAPTER 3

Field Studies Program (FSP)

3.1 Introduction

A. The following references apply in the planning and execution of the Field Studies Program (FSP):

1. DOD Instruction 5410.17 of 15 September 2006
2. JSCET, Ch. 11
3. E-SAMM Ch. 10
4. NETCINST 4950.1A
5. DON FSP Handbook

B. Reference (a) updates DoD policy for a FSP to enhance the formal training courses and orientation of the international military and civilian students and military-sponsored visitors under the Security Assistance Training Program and other programs administered through Security Assistance/Cooperation Channels. The FSP supersedes the DoD Informational Program (IP); other references will be revised to reflect this change.

C. Each international student attending a course in the United States has the opportunity to participate in the FSP. The objective of the FSP is to assist IMS in acquiring a balanced understanding of U.S. society, institutions, and goals, in conjunction with their training experience. The program should include frank explanations and free discussion with the students about our government structure, judicial system, the political party system, the role of a free press and other communications media, cultural issues associated with minorities, the purpose and scope of labor unions, our economic system, educational institutions, and how these elements reflect the U.S. commitment to the basic principles of internationally recognized human rights. Activities such as visits to private homes, local industries, industrial and cultural exhibits, farms, schools, historical points of interest, and civic activities are encouraged.

D. The DON FSP Handbook is a particularly valuable resource for planning and conducting FSP activities and events. The FSP Handbook is available on NETSAFA’s website at www.netsafa.navy.mil. While the FSP Handbook focuses primarily on FSP programming, this chapter in the IMSO Guide will address the administrative, logistical, and funding aspects of the FSP.

E. Execution of the FSP varies by major claimants and executive agencies within the DON, so IMSOs should follow the FSP guidance promulgated by their respective major claimants and executive agent. U.S. Marine Corps and U.S. Coast Guard guidance can be found in their respective IMSO Handbook. Major Claimant FSP POC are as follows:

3.2 FSP Overview

A. Training installation commanders and IMSOs should remember that exposure of the IMS to the non-military aspects of life in the United States is important to the Security Cooperation Training Program, second only to the strictly military training and education of the program. However, IMS participation in FSP activities is encouraged, not required unless it is part of the curriculum. FSP activities normally occur in addition to normal academic/military requirements at the training installation, and it is important for the commands to ensure FSP activities are interesting, educational, and attractive, so that each IMS will give their full support to the program. FSP topics, activities, and events should be tailored when possible to fit the character and background of the IMS involved in the training.

B. FSP is intended for international military students (IMS) attending training in the United States or participating in an Orientation Tour arranged under Security Cooperation Training Program sponsorship. Dependents of international students eligible to participate may join FSP activities, but at no cost to the FSP or the U.S. Government (dependents are generally discouraged to participate in overnight FSP events).

C. Objective. The DoD Components shall ensure the FSP promotes an understanding of U.S. society, institutions, and ideals and the way in which these elements reflect U.S. commitment to basic principles of internationally recognized human rights. To achieve this objective, the FSP will provide students and visitors with an understanding of the following 11 facets of American life, within the limits of time and available resources (see references (c) and (d):

1. Human Rights. U.S. commitment to basic principles of internationally recognized human rights in accordance with the United Nation’s Universal Declaration of Human Rights, the Geneva Convention, and the United States Constitution and Bill of Rights. This aspect of American life shall be emphasized in conjunction with all subsequent FSP topics.

2. International Peace & Security. How the United States accomplishes effective and mutually beneficial relations and increased understanding with foreign countries in furtherance of the goals of international peace and security.

3. U.S. Government Institutions. U.S. institutions of democratic governance, including electoral and legislative processes and civilian control of the military; the institution and improvement of public administration at the national, intergovernmental, regional and local levels.

4. Political Processes. American democracy and political reform, including opening the political process to all members of society, the practice of free elections, freedom of association, and the influence of grass-roots and non-governmental organizations promoting democracy, the rule of law, transparency, and accountability in the political process.

5. The Judicial System. The American establishment of the rule of law, and an effective judicial system; the correct role of the military justice system and its procedures, termination of extremist violence as well as vigorous action to prosecute those guilty of crimes.

6. The Free Market System. The success of the American economy due to land reform, reform in tax systems, encouragement of private enterprise and individual initiative, creation of favorable investment climates, curbing corruption where it exists, and spurring balanced trade; the independent roles of labor and management in negotiating pay, working hours and conditions, and other benefits associated with employment; the factors underlying industrial and agricultural production, and how environmental protection has altered each; and the role of environmental protection.

7. Media. The role of a free press and other communications media in American life; how diversity of media ensures people of all races, creeds and political persuasions can be heard (editorials, letters to the editor) and ensures diverse, pluralistic culture.
(8) **Education.** The purpose and range of educational institutions, the value of an educated and responsible citizenry, and the educational opportunities available to all citizens.

(9) **Health and Human Services.** American institutions that provide quality health care and voluntary family planning services, housing, and other services; policies that are components of a social safety net, particularly for infants, children, and people with disabilities.

(10) **Diversity & American Life.** How America fosters political, economic, and social pluralism; the geographic, religious, and social diversity of American life; progress in applying American ideals to ethnic and other minorities including women. How American families live and work in cities, towns and rural areas; how Americans function in communities, worship, work together in organizations, participate in and support cultural and historical events; volunteerism.

(11) **Law of War.** The part of international law that regulates the conduct of armed hostilities, often called the “law of armed conflict.” For the purposes of this facet, the law of war encompasses all international law for the conduct of hostilities binding on the United States or its individual citizens, including treaties and international agreements to which the United States is a part, and applicable customary international law.

D. Each training installation should designate the IMSO as the FSP Coordinator. In addition and if practical, each IMS should have a military and a civilian sponsor. The military sponsor is usually another member of the training installation staff who is of equal or higher military rank, and who can serve as a liaison/facilitator for the IMS at the training installation. The civilian sponsor can be a dependent, civilian employee, or a member of the community who can help the IMS understand the non-military aspects of life in America.

E. In addition, the support of all training installation activities is essential to the successful fulfillment of the Navy’s responsibilities for the FSP. While IMSOs are the focal points for FSP activities, they require the cooperation and assistance of finance, transportation, public affairs, and other installation representatives to carry out an effective program. To ensure a general understanding of the FSP and its relationship to the Security Cooperation Training Program, Training Installations should schedule periodic briefings to ensure that U.S. personnel are familiar with program objectives and functions.

F. It is also important that key people in the surrounding community – government officials, museum directors, business leaders, etc. – are aware and supportive of the training installation’s FSP efforts.

**3.3 FSP Planning**

A. The FSP begins with the in-country departure briefing of IMS by the SCO, and continues throughout the training period. IMSOs should ensure that appropriate FSP information is included in the Student Information Package sent to the SCO upon initial notification of an IMS’s planned training (see para. 2.2.2.A). An overview of the FSP should also be included in the IMS’s Arrival Briefing at the training installation.

B. The IMSO should plan FSP activities and events in conjunction with the IMS’s academic schedule. Where possible, FSP events should be conducted when the IMS is excused from classified portions of the courses. Also, those portions of a course from which an IMS will be excused should be consolidated to permit time for FSP activities.

C. IMSOs should obtain authorization from NETSAFA to conduct the FSP activity (see Section 3.8 for details regarding funding and authorization.)

D. Possible FSP activities, locations, and events should be identified as far in advance as possible, especially those events that are time sensitive. Again, the FSP Handbook is a valuable reference in selecting appropriate activities that will support the FSP goals. FSP planning should focus on local events...
and activities as much as possible. Travel is limited to a 300-mile radius; exceptions to this limit require a mileage waiver from Navy IPO (04B).

E. As the various FSP activities and events are planned, the IMSO should establish liaison with appropriate POCs at the activity location. The POCs can help arrange tours, and assist with arranging and determining cost of lodging, food, transportation, etc.

F. In addition to the IMSO, a command may designate military or civilian personnel to serve as Escort Officers for an FSP activity. The Escort Officer should be knowledgeable and experienced in international training, and have a firm understanding of the goals and objectives of FSP. IMSOs should ensure that Escort Officers are fully briefed on the FSP activity, and the FSP objectives and topics to be covered. The recommended ratio of Escort Officers to IMS is as follows:

- 1 to 10 participants - 1 Escort
- 11 to 20 participants - 2 Escorts
- 20 plus participants - 1 Escort for every 10 participants

G. IMS participating in FSP activities are considered to be in a duty status. Therefore, appropriate TAD Travel Orders should be prepared for FSP activities that are in excess of 10 hours. TAD Orders should include the correct fund cite. No cost to the government blanket travel orders should be used for IMS. Escorts should use official travel orders utilizing the pertinent FSP accounting data, with the following remark to be included in the orders:

> “Lodging, transportation, meals, and miscellaneous/incidental expenses have been paid in full under the Field Studies Program utilizing and SF 1164. Traveler(s) will not claim additional reimbursements associated with the event.”

### 3.4 FSP Activity Execution

A. As the FSP activity is conducted, the IMSO’s responsibilities include:

1. Conduct a pre-briefing for IMS before departure, to ensure they understand the objectives of the FSP activity.
2. Brief escorts on their responsibilities, ensuring that they understand the objectives of the FSP and the topics to be covered.
3. Provide IMS with emergency and assistance phone numbers while on the FSP trip.
4. Inform the appropriate funding claimancy representative of any significant changes involving participants, itinerary, or funding requirements.

B. Government transportation shall be used to the fullest extent possible. Furthermore, ground transportation should be the primary means of transporting IMS, to provide a close-up look at the American countryside.

C. Local or ‘No Cost’ FSP events are strongly encouraged. These include visits to private homes, local industry, cultural and industrial exhibits, farms, schools, historic points of interest, civic activities, or having guest speakers who are subject matter experts. These local area programs provide the best possible exposure to FSP topics at minimal cost. All No Cost events must also be input into the San Web (SC TMS9) with the following information:

1. Name of activity
2. Name of individual reporting no cost event
3. Date of the event
4. Number of IMS
(5) Number of guests
(6) Number of escorts
(7) Nature of event
(8) Facets to be attained

D. At the completion of the FSP event, conduct a thorough debrief, once again emphasizing the objective of the FSP event (refer to the Field Studies Program Handbook. Each IMS should complete a Student Evaluation Sheet, and the Senior Escort Officer should complete an Escort Assessment of the FSP activity (Sections M and N of the IP Handbook.)

E. IMSOs should prepare SF-1164 and provide supporting receipts to the NETSAFA FSP Manager, N322, for liquidation of the FSP Trip (see para. 3.8.G on next page.)

F. IMSOs should also prepare appropriate thank you letters.

3.5 Trips to Washington, DC

A. Subject to the availability of time and funding, a tour of Washington D.C. should be made available to officer IMS attending senior, career, and other significant courses as designated by Navy IPO. A maximum of four (4) days is authorized, plus travel time. A pre-tour briefing is required for each day’s itinerary, and a post-tour debrief following the visit. The DC tour is NOT meant to be a vehicle for the IMS to visit his/her own national embassy, and free time should not be included in the trip for this purpose.

B. An itinerary of Washington D.C. tours (including mileage waivers) must be provided to NETSAFA with the FSP liquidation package.

3.6 Restrictions and Limitations to FSP

A. FSP Funds are not to be used to pay for the following items or activities:

   (1) Alcoholic beverages

   (2) Entertainment or activities which are substantially recreational in nature, including entrance fees at sporting events, theatrical and musical productions, and amusement theme parks.

   (3) Activities of a purely academic objective (such as field trips), which are an integral part of the training or education course curriculum.

   (4) Transportation to and from classes, field trips, and other activities that are primarily of an academic nature and are an integral part of the training or education course curriculum.

B. FSP Funds may be used for FSP events conducted in conjunction with academic trips.

C. Mementos. FSP funds may be used to fund presentation mementos, limited to one item per IMS at each training installation, at a cost not to exceed $25.00. Exceptions must be approved by appropriate military service. Mementos will be of a permanent nature, except for photographs. Ball caps and t-shirts are not considered to be of a permanent nature.

D. Social events. Social activities with participation by U.S. personnel, who are guests at FSP functions such as breakfasts, luncheons, dinners, gatherings, and receptions, are authorized provided that these functions directly relate to at least one of the 11 FSP facet areas. However, discretion must be used to maintain a proper ratio between IMS and U.S. guests. Normally, the proportion of U.S. official personnel and guests at such functions should not exceed three times the total number of IMS. Depending upon the occasion, this recommended proportion may be exceeded if approval is obtained in advance from NETSAFA.
3.7 **Representational Activities**

Representation Funds are available to flag-level officers who have command responsibilities to host official events (luncheons, receptions, etc.) for high-level international visitors. These funds can also occasionally be used to host international personnel under the Security Assistance Program, and can be requested through the major claimant.

3.8 **FSP Funding and Financial Management**

(NOTE: See NETCINST 4950.1A for detailed information of the financial and accounting matters involved in the FSP.)

A. Navy IPO (04B) supervises, administers, and authorizes expenditures of FSP Funds within the DON. U.S. Navy major claimants will implement and manage FSPs for their respective commands and activities.

B. Funds for FSP are derived from tuition costs. During the fourth quarter of each fiscal year, activities must provide Navy IPO (IPO-04B), via the appropriate chain of command, with a budget estimate of their current FSP efforts and an estimate of FSP/EE funds required during the next fiscal year. The budget estimate should include:

1. Planned FSP activities
2. Estimated number of IMS to be trained during the next reporting period
3. Estimated total number IMS weeks of training during the next training cycle
4. Quarterly breakout of the next fiscal year FSP/EE funding requirements.

C. NETSAFA will send a direct fund cite letter to each training activity approved for FSP participation in a given fiscal year. The letter provides the fixed portion of the fund citation to be used in executing the program; it does NOT provide actual authorization to use the FSP funds. Such authorization is described below.

D. After an IMSO has planned an FSP function or event, he/she should submit the following information to NETSAFA via the SanWeb (SC TMS9):

1. Name of Activity
2. Dates of planned function
3. Number of IMS
4. Number of guests to be funded by the FSP
5. Number of escorts
6. Topic(s) Area(s) that apply
7. Estimated cost

E. NETSAFA will then assign a 6-digit authorization number for the approved FSP event. This authorization number will be used in the fund citation and the last five positions of the Standard Document Number (SDN) when processing an advance of funds request. The disbursements of funds during an FSP event will be made by the designated escort officer. At no time will FSP funds be given to an IMS.

F. **Credit Cards.** DSCA message 221227Z SEP 99 authorizes MILDEPs to issue credit cards to IMSOs to use in the financial execution and support of an FSP function. The policy is quoted as follows:

“MILDEPS are authorized by DFAS and DSCA to issue unit credit cards to IMSOs to use in the financial execution and support of DoD Field Studies Program. Each MILDEP provides unit card profiles that outlines unit card entitlements for use in conducting the command’s Field Studies Program. Cash advances will be authorized. In addition, to resolve problems experienced by IMSOs during the conduct of FSP events (when meals are taken in facilities where multiple vendors are used,
such as food courts), recommend (1) IMSO brief IMS of the maximum amount authorized for the meal; (2) IMS purchase his/her meal using their own funds (3) IMS submit meal receipt to IMSO; and (4) as authorized paying agent, IMSO reimburses IMS for meal.”

G. Within ten (10) calendar days after completion of FSP event, the IMSO (or other designated individual) will prepare a Claim for Reimbursement (SF-1164), an FSP Expense Documentation Sheet (NETC 4950/3), copies of all receipts, along with post-event evaluations, and authorizing E-mail. The Claim for Reimbursement package should be submitted to the FSP event authorizing agent (NETSAFA Code N-322). Any advanced funds not used, should be returned via money order or check made out to “The U.S. Treasury.” The IMSO may take the check/money order to his/her local Personnel Support Detachment (PSD) or may accompany the Claim for Reimbursement. Once N-322 completes the Claim in the San IMSO Web, the Disbursing Officer (N-81) will liquidate the FSP event claim. If NETSAFA does not receive a copy of a liquidated claim within 90 calendar days of the completion of an FSP event, an outstanding FSP liquidation letter will be sent by NETSAFA to the activity.

3.9 FSP Post-Event Evaluation

A. IMSOs should ensure that all IMS and escorts complete a post-event evaluation, using the forms found at Figures 3.1 and Figure 3.2. IMS and escorts should be instructed to provide substantive comments that will enable the IMSO and others to assess the success of the FSP event and to consider recommendations for improvement. These evaluations should accompany the IMSO’s SF-1164 receipt’s package to NETSAFA, N-322.

3.10 FSP Reporting in the SAN Web

A. IMSOs who request their funds directly from NETSAFA (NETC training site IMSOs) should enter their FSP events Requests via the SAN Web:
   (1) Log onto the SAN Web
   (2) Select “Training” and click “TMS9”
   (3) Schoolhouse-specific tab comes up; Select FSP (Field Studies Program)
   (4) Five tabs are now available: Update Template, New Event, Assign Students, Edit Event and Delete
   (5) Select the appropriate tab. Once you’ve built an event, add in all information as required, i.e., Cost or No Cost, Type of Event, # of IMS, # of guests, # of Escorts; select facets to be achieved, costs where needed (transportation, meals parking, bank fees, entrance fees, etc). IMSOs only needs to build a particular template once; multiple/future activities can be created from each particular template. Once all information is input, the IMSO must select the ‘pending’ tab and then select “Save/Update.” This will generate an email to NETSAFA (N-322, N-8, and N-81) to review/authorize your 'requested' FSP event. Once event is authorized, the IMSO will receive an email with authorization number and fund-cite to be used when requesting advance and/or liquidation of event. All changes to events must be made through TMS9.

B. Once the event is completed, it is imperative the IMSO submit his Final Review within 10 working days in the SanWeb (SC TMS-9).
   (1) Go to Edit Event tab; enter all data, final costs, numbers of IMS/Guests/Escorts
   (2) Select “Completed” Tab next to Event Status
   (3) Add key information from the IMS and sponsor evaluations in the “Remarks” section
   (4) Select “Save/Update” tab; this will generate final E-mail to NETSAFA informing the event is now finalized.
